BURGLARS PAID A VISIT TO THE LEADER STORE

Went All Through It in Search of Cash, But
Succeeded in Finding Only
50 Cents.

AN ORGANIZED GANG EVIDENTLY AT WORK

The Leader store of Samler Bros. was entered by burglars last night, and though every till in the establishment was gone through, nothing of value was taken so far as Manager Fuller and his force have been able to learn.

The thieves climbed over the fence at the rear of the store, as was shown by the muddy footprints on the fence and in the passage way at the back door. From the appearance of the door a small chisel was used, and a lower panel of the door was cut away. The job was not a neat one by any means, but answered the purpose. The panel is about eight inches wide and perhaps 14 inches long, and would permit the passage of a boy's body. It is the opinion of the proprietors that the work was that of boys, as there was every indication that the job was performed by amateurs.

The rounds were made along the counters and every cash drawer in the establishment was looked over. About

50 cents in small change was collected. They next visited the desk which stands near the huge iron safe at the back door. The drawers were rifled and papers and other articles which had been stored away for safe keeping turned topsy turvy. The search was fruitless, however, and the 50 cents was the extent of the find. Not an article upon the counters or shelves was disturbed, and even the jewelry was untouched. Daniel Samler, one of the proprietors of the store, was in the establishment at 11 o'clock, but noticed nothing out of the ordinary. It is thought the robbers visited the place after that time.

The authorities were notified, and have the case well in hand. It is believed by them that the robbers are the same who have made several unsuccessful attempts to rob stores and private residences in the city within the past few weeks. Officer Dawson is certain the band is made up of boys, and believes he can place his hands on at least two of them.

the matter, and to make sure that the boy should not get into mischief again, he was sent back to jail. He will probably be released in time to return with the Pittsburg people who are at Rock Springs today.

DRINK CRAZED LAD FOUGHT THE CHIEF

Youngster From Pittsburg Resisted Arrest and Acted Like a Wild Man.

SORRY IN THE MORNING

The session of police court was not lengthy this morning, and but one offender faced Mayor Weaver. He was John Wendell, a 16-year-old Pittsburg lad, who came to town yesterday with the excursionists.

The boy was one of about a dozen who became involved in a free-for-all fight at the corner of Third street and Broadway late yesterday afternoon. The locality is the roughest in the city, and the men were permitted to fight for some time without interruption. The attention of Chief Wyman was attracted and he was soon in the thickest of the fray. It developed that he was unable to cope with the entire crowd, and he had collared two of the roughts, when young Wendell made his way through the crowd and struck the chief. The latter called for assistance, and passed one of his prisoners to a newspaper reporter who was standing near, in order that he might take the Pittsburg boy in tow. The newspaper man could write but was no scrapper, and when the prisoner showed fight he failed to stand his ground. He was so badly frightened that he saw revolver flashes and razors protruding from every pocket in the man's clothes, and, of course, gave up the battle before it began.

Meanwhile Chief Wyman had his hands full and finally turned his undivided attention to Wendell, who was fighting like a demon. He was finally subdued and taken to the city jail, where he remained over night, raving like a madman. He came to his senses some time during the night, and was conscious of that thirst which sometimes follows a "bat." He was made comfortable by Officers McDermott and Saulsbury, and when arraigned this morning was as meek as a lamb. Mayor Weaver asked the lad if he was aware that he had been a bad boy yesterday, and was told that he had but one finger of whisky out of a half pint bottle. He said he certainly must have been doped, as he knew absolutely nothing of what transpired in the afternoon. He was not a school pupil, though he did come to town with the school picnic, and he was very anxious to get back home.

Wendell had the return coupon of his excursion ticket, and the authorities were in some doubt as to whether it would be good for today. While some inquiry was made in regard to

BELATED APPEARANCE MADE BY WELLS

East Liverpool Saloon Man Arraigned, Fined and Jailed—Minor Matters in Court.

Lisbon, June 24.—(Special.)—George Wells, an East Liverpool saloon man indicted by the April grand jury for selling to habitual drinkers, made a belated appearance last evening and is now in jail. He disappeared after his indictment and was arrested in East Liverpool only a few days ago. Before Judge Hole last evening he pleaded guilty and was fined \$15 and costs. Not being able to pay he was sent to jail.

James Chink, of Lisbon, has been held to court under \$200 bond to keep the peace. William J. Clark brought action against him in Justice Dickinson's court.

David Longanecker, of Leetonia, has been held to court on a similar complaint, his stepmother, Katherine F. Longanecker, being the complainant. The action was before Justice Lodge Riddle.

A motion to the answer has been overruled in the case of Willard A. Heston against Abraham Heston and leave given to reply by June 26.

In the case of Sarah A. Metzger vs. J. O. Greiner et al the defendants have leave to amend their answer.

In the case of Sarah A. Metzger vs. Ira A. Brainard et al leave is given the defendants to file supplemental answer instantly.

YOUNG WOMAN FELL IN A FAINTING FIT

Broke a Show Case By Striking It and Narrowly Missed Serious Injury.

Miss Mame Wettington, of Thompson hill, was seized with a fainting fit in the Diamond at 1:30 this afternoon, and came near being killed. The lady was standing near the entrance of R. W. Sample's shoe store and only a few feet from a cellar way. When she fell her left shoulder and head struck the door of an outside shoe case, composed entirely of glass. The large glass door was broken and the shoes inside the case damaged to some extent.

Miss Wettington was picked up unconscious, and carried into the store, where she was revived. In falling the lady narrowly escaped falling into the basement near at hand. She was able to walk to her home in about two hours after the accident. The illness was attributed to heart disease.

COUNCIL DEALS A BLOW AT GREEDY GAS TRUST

Passes a Stringent Ordinance Fixing the Price of
Fuel Gas at Present Rate For the
Next Ten Years.

The outrageous demands made by the Ohio Valley Gas company were laid low last evening by the city council when that body, in regular session, passed an ordinance regulating the price which any and all gas companies may charge for gas for and during the ensuing 10 years.

Public sentiment having been aroused to an excited pitch, the members of council determined that something should be done to defeat the carrying out of the threats made by the Ohio Valley and Tri-State Gas companies and personally visited Solicitor Davidson for an understanding of his views on the demands. He investigated the law pertaining to such action very thoroughly and advised that an ordinance be passed fixing the rate. The members requested him to draft the most important paper, and upon its presentation to the councilmanic body

the members seemed unable to vote for it fast enough. They jumped at the chance with more eagerness than has been displayed in the council chamber in many months.

The ordinance was introduced by Mr. Cannon and on motion of Mr. Bullock the rules were suspended and it was placed on its third reading and final passage. The stipulations which will be in force for ten years will meet the approval of the citizens in general. They provide a rate to conform with that now in vogue and not alone are the restrictions made on the present gas companies, but on any and all gas companies that may locate in the city or sell the product within the corporate limits.

The unreasonable charge proposed by the company, \$1 whether or not gas was used, was killed. The consumer will have to pay only for what he

uses. The rate to private consumers will be as in the past, 25 cents per thousand feet and a discount of five cents will be allowed those paying their bills within ten days after the date of maturity. The ordinance also stipulates that no charge shall be made for the rental or placing of meters to exceed that which is now imposed.

In an interview with Manager Grogg, of the Ohio Valley company, this morning he inferred that the company proposed to go right ahead with its original plans. The claim is made by the corporation that no council or other legislative body has the right to fix the price to be charged by it for the service furnished. The price of materials and equipment has increased, and the general expenses have become so great that the company believes it

WORK BEGUN ON NEW LINE

Lisbon Rejoiced at the Start of Work on Youngstown and River Railway.

WILL BE PUSHED RAPIDLY

Lisbon, June 24.—(Special.)—The uncertainty that has invested much of the railroad building that has been in progress on paper in this vicinity for some time, was dispelled to a degree this morning when a force of men commenced work here on the Youngstown & Ohio River Electric Light and Power company's electric line.

A dozen men and a half dozen teams commenced work early this morning to excavate for the road bed in front of the Hasbrouck hotel on Market street. The men are at work under the direction of C. S. Bidwell, of Piqua, O., a construction foreman in the employ of the Cleveland Construction company, which has the contract and of which William Cristy, of Akron, is the president. Mr. Bidwell arrived in Lisbon yesterday afternoon. A consignment of material, including ties and girder rails, is already here and the grading force that is making the road bed will be followed closely by another gang of workmen who will lay the track at once within the city limits at least.

From the starting point on Market street just south of Washington street the line will proceed south a block to Water street and thence west on Water street to the tow path of the old Sandy and Beaver canal. Following the canal to the old McKinley home-

stead about a mile northwest of town, it will cross the Beaver at that point, passing along the west side of the stream through Shelton's Grove to Franklin Square and Leetonia, and eventually to Youngstown via Washingtonville, Calla and Canfield.

Work is to be started on the Salem spur at that city within a few days, it is said, and the two construction gangs will work toward the junction on the Ruth Nichols farm near Franklin Square. The company has purchased six acres of Mrs. Nichols at Teegarden for the location of the power house and car barn. The work will be pushed as rapidly as possible and it is predicted that cars will be running within five or six months if the construction is not retarded by the non-arrival of material.

A few small stretches of right of way remain to be secured, but most of these difficulties will be disposed of by appropriation proceedings in the courts, the owners in some instances setting a fabulous price on their land as soon as it appeared that the road would be built.

It was the declared intention of this company at the inception of the project to build its line through to the river, with East Liverpool as the objective point, but from present indications the company will complete first the northern part of the system, where rights of way matters and nearly all other details are in shape for the work to be pushed rapidly.

GREAT ENTHUSIASM SHOWN KING PETER

He Was Tendered an Auspicious Ovation Upon His Arrival at Belgrade This Morning.

Belgrade, June 24.—(Special.)—King Peter arrived here at 10 o'clock this morning and was received by the populace with great enthusiasm. The Russian and Austrian ministers were the only foreign representatives present.

J. C. WALSH CREATED A BIG SCENE

East Liverpool Democratic Political Leader Was Ejected From the County Convention.

Lisbon, June 24.—(Special.)—The Democratic county convention culminated in a sensational scene this afternoon, when J. C. Walsh, of East Liverpool, a defeated aspirant for nomination for representative, insisted on criticising the action of the convention. P. S. Barnard, of Leetonia, rose to a point of order and insisted Walsh retire, but Walsh kept on talking. At length A. P. Dennis, Wells-ville, Joseph Gottschalk, of Salem, and

others, laid hold of Walsh and put him out.

Walsh continued to struggle in the corridor, claiming he was being denied his rights. Sheriff Leonard was at length called upon to restore order and several of Walsh's friends got him to leave the court house.

The nominees for representative were E. P. Speidel, of Hanoverton, and O. J. Astory, of Salem. Walsh, who was a candidate, was defeated.

PLANS LAID BY TWO MEN TO LOOT SEVERAL HOUSES

Their Scheme Was Frustrated by a Young Lady Who Was Closely Watching Their Movements.

SHE SAW THEM HOLD UP AND ROB A MAN

Two daring thugs created terror on West Fourth street last night shortly before 11 o'clock. After laying plans to loot a number of houses in the vicinity, they held up an unknown man and then chased and terribly frightened a young lady, Miss Agnes Gillespie, who lives near the extension of the street. The latter has a good description of the men, and it is possible that they will be run down by the police.

The actions of the men were witnessed by Miss Gillespie from the time they arrived in the vicinity until they departed. She had been out spending the evening and upon arriving at her home was unable to enter, another member of the family also being out and having mislaid the door key. While sitting on the front porch awaiting the arrival of this person, Miss Gillespie saw the two men turn the corner at Monroe street and watched their every maneuver. One of them had a pair of rubber boots in his hands, which, it is thought, they intended to use after enter-

ing a residence, and when the opportunity presented he hid them near the porch of a neighboring house. They then separated and both commenced an investigation of the lay of the land. They walked upon nearly every porch in the vicinity and peered through every front window and all of the alley and side entrances.

Completing their preparations for a bold robbery they met again at the corner. They saw a man approaching at a short distance above Monroe street and both went to the opposite corner and slowly walked down the street in front of him until they reached a dark and rather secluded spot.

Meantime, Miss Gillespie, thinking they were about to hold the man up, walked toward the corner, and she states that they first asked the man for a match and then wanted to know the time. He replied that he had no watch and no money. They compelled him to prove the latter by turning his

MANY ORDINANCES PASSED BY COUNCIL

THE TAX LEVY ACCEPTED

Learning through the News Review that their apportionment of the city's tax levy as decided upon by them in special session on Monday evening was disapproved by the board of public service and that it would not be certified by the tax commission, the finance committee of council got busy last evening just prior to the meeting of council and altered the figures. It was the hope of the members that by the change everyone affected by the levy would be satisfied and they were practically assured that the board of public service would not file exceptions to their action. However, the tax commission, from inferences gained today, will not yet approve the apportionment. It is thought that the latter body is not favorable to the levy proposed for the public library.

The committee called upon Solicitor Davidson for advice and was informed that it would be impossible to fix the park levy outside the 10 mills provided for the general expenses of the city. It was therefore compulsory that it cut down the fund of at least two departments. After a lengthy conversation with the board of public service they decided to fix the park fund at 2 mills by decreasing the fund of the safety board 1 and the fund of the board of public service 2. The final rates were decided upon as follows: For park purposes, 2; for general purposes, 2.1; for public health, 3; for public safety, 2.7; for public service, 4.7; total, 10; for library purposes, .5; for sinking fund and interest, 4; total, 14.5. The above will be submitted to the tax commission, which will take action on it at a meeting tomorrow evening.

The ordinance fixing the number of salaries and bonds of the police department was referred to an ordinance committee which the president was empowered to select, and which he will have chosen by the time of the next meeting. According to the ordinance there will be 8 patrolmen and one chief of police, the former to receive \$2.50 per day and the latter \$100 per month, and all to be under bond of \$500.

An ordinance establishing the classified list of the fire department was also introduced and referred to the ordinance committee. It provides for a chief, at a salary of \$100; assistant chief, \$81; two captains, \$76, and 8

fremen, at \$76. All are to furnish a bond of \$500.

An ordinance providing the manner of platting subdivisions of the city was introduced by Mr. Barlow. It was placed on its third reading and final passage.

Automobiles or other vehicles propelled by steam, electricity, gasoline or other motive power must be run at a rate of speed not exceeding 8 miles per hour. They must stop upon approaching a horse that shows signs of fright and must have search lights of superior quality attached. The ordinance providing for the above was placed on its first reading.

Mr. Bullock urged that something be done whereby the city's employees will get their money before the amount is turned over to the city treasurer from the bond issue. The question was referred to the solicitor, auditor and a committee composed of Smith, Moon and Bullock.

The bill of Harrison Rinehart was again introduced, but it met with the same reception as on previous occasions. It was decided that it shall not be paid until the sidewalk over which the contention arose is re-

done.

EXTRACTED A NEEDLE

Doctors Located It By the Use of X-Rays and Operated Successfully.

Drs. W. J. Taylor and J. R. Davis performed a delicate operation this afternoon by the use of an X-ray machine, taking from the hand of Miss Amanda Johnston, of Pleasant Heights, a needle that had lodged in the palm of the hand nearly three months ago.

Columbiana Man Divorced.

Lisbon, June 24.—(Special.)—Geo. H. Lower, of Columbiana, was granted a divorce yesterday afternoon from Cora Lower. They were married in Fairfield township June 11, 1896. No children were born to them. The husband charged neglect of duty and wilful absence.

PLACES CHANGED A SECOND TIME

The Voting of Yesterday Was Productive of Interesting Results.

LIVELY WEEKS ARE AHEAD

The voting of yesterday put Anderson in second place again and considerably reduced the distance between the leading candidate and the second one. There is a big batch of votes to be counted today and the result of the count may be further interesting changes. In about five weeks the contest will come to a close. The next few weeks will doubtless be busy ones for the voters and their friends. Everybody should save his coupons and "get in the game," which is certainly full of interest for all participants.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park	26,599
J. E. Anderson, Lincoln avenue	25,224
Thomas Lounds, Fourth street	24,718
Matthew Curran, Jethro street	9,897

WITH THE WORKMEN IN THE CLAY PLANTS

TRENTON SENSATIONS.

Trenton, N. J., June 24.—(Special.)—There is a dispute at the Glasgow pottery, which is controlled by the John Moses & Sons' company, which, if it is not settled soon, may result in tying up the operations of the plant. All the kilnmen are out and the clay hands are expected to leave their benches before the end of the week. The trouble started over the refusal of the firm to employ a journeyman dipper. The dipper employed was an apprentice and according to the rules of the Brotherhood each pottery is required to have at least one journeyman before an apprentice can be set to work.

Last week the dippers' local demanded that the firm recognize the rule governing apprentices and either discharge the apprentice or employ a journeyman. The firm refused to recognize the dippers' claim and a notice was given that a strike would be ordered. The dippers got the support of the kilnmen, who also served notice that unless the company sanctioned the demands of the dippers they would refuse to place any of the ware handled by the objectionable dipper. The men did not get a chance to quit. Last Thursday they were locked out and Saturday paid off. The firm in a statement to the press denies the claim advanced by the dippers and makes known its intention to fight the issue. The fight is still a local affair and it may be that the Brotherhood may be called in to take a hand before the end of the week.

Moses, Swann & McLewee, manufacturers of lamps and cut glass, created quite a surprise last week by filing a petition in bankruptcy and asking for the appointment of a receiver. The company's liabilities amount to \$105,776.71 and the assets, \$71,223.59. In his affidavit Walter Moses states that upon the incorporation of the company in 1899 he secured 10,000 shares of the capital stock, which he now holds. He avers that he has since advanced to the concern \$11,439 and states that he has also become liable upon the company's paper for \$33,849. Mr. Moses states that the company is indebted to others as well as himself to the extent of \$29,479.46, and that he has outstanding accommodation notes amounting to \$33,840. Notes amount-

ing to \$16,665.33 have been given by the company for merchandise in the prosecution of its business and of these amounts there have been protested notes amounting to \$6,533.76. It is alleged that there is due to various creditors on open accounts, \$5,222.93, and that the plant is mortgaged for \$16,500. The company's resources consist chiefly of accounts receivable amounting to \$9,884.91; bills receivable, \$1,825; stock on hand, \$14,651.93; machinery, \$11,823.75. It is claimed that the concern is insolvent and has been forced to suspend business for want of funds, and that suits have been instituted and that it has been unable to meet its obligations for some time.

gress, and each and every one of them is of vital interest to some trade, some idea of the magnitude of the undertaking can be obtained. It will probably be at least 10 days before anything is known as to the decision of the conference committees, and in the meantime no one except those on the very inside will have any idea as to the progress being made. The best posted men in the trade insist that there will be no trouble, and have the very best reasons for the opinion. They assert there are enough conservative men in the Brotherhood to prevent any hasty action.

NEW POTTERY ALMOST DONE.

The new pottery just now being completed by the Cameron (W. Va.) Pottery company, is expected to be in full operation within a few weeks, and will then employ 300 people. Already a large number of mould makers are at work getting ready for the start. It will start with six kilns, but expects to increase this capacity as the business becomes established. The same company has decided to erect another plant on the east side of the town within a year.

OF INTEREST TO THE TRADE.

Samuel Bateman, dealing in furniture and crockery, Chicago, has sold out.

Cordts & Delehey, Hoboken, N. J., have been succeeded by Charles J. Delehey.

F. E. Campbell succeeds to the business of Campbell & Besancency, dealers in crockery at Piqua.

The department store of the H. J. Goelzer company, Plymouth, Wis., was recently destroyed by fire.

Harry Allendorf, Waterloo, Ia., is trying to compromise with his creditors at 25 cents on the dollar.

It is reported that S. Behrend, conducting a department store at Bowling Green, O., will discontinue business.

N. M. Manamy, Kansas City, Mo., an old crockery merchant, died recently and the estate is being closed up as speedily as possible.

P. J. Handel, decorator of china, etc., at Meriden, Conn., has incorporated under the name of the Handel corporation and will continue the business under that name.

DAUGHTERS OF LIBERTY

State Council in Session at Canton. East Liverpool Man an Officer.

Canton, June 24.—The state council of the Daughters of Liberty is in session here with an attendance of about 60 delegates. Officers were elected yesterday as follows:

State councillor, Mrs. Maggie Mitchell, Mt. Vernon, re-elected; state associate councillor, John W. Sellers, East Liverpool; state vice councillor, Miss Emma Vibelhart, Canton; state associate vice councillor, Mrs. French Dayton; state associate secretary, Harry Muir, Cincinnati; state associate treasurer, Mrs. Ida Edwards, Cleveland; state guide, Mrs. Emma Dillon, Massillon; state inside guard, Mrs. Mattie Sheridan, McConellsville; state outside guard, Mrs. Laura Dickson, Mansfield.

Carnegie Company Qualifies in Ohio. Columbus, O., June 24.—The Carnegie Steel company, of Pittsburgh, qualified to do business in Ohio by filing the necessary papers with the secretary of state and paying the required fee. The Ohio office will be in Youngstown and Thomas McDonald, of the Ohio steel works, will be the company's representative in this state. The fee paid was \$5,500.

Alberta Has Disastrous Fire. Winnipeg, Man., June 23.—A disastrous fire in Wetaskawin, Alberta, did damage amounting to \$500,000. The fire started in a hall used for a theater over the general store of Hertz & Co., and destroyed a dozen stores and other buildings before it was extinguished, a heavy rain materially aiding the efforts of the townspeople.

VICTORY WON BY THE WABASH

RIGHTS OF WAY GAINED AFTER MUCH CONTENTION.

Decision in a Steubenville Court Allows It to Occupy Pennsylvania Property.

Steubenville, June 24.—The Wabash has won a signal victory over the Pennsylvania in its desire for extension up the river. With one exception, it has been given the right to travel along the river front from the LaBelle Iron works, at the lower end of the city, to Island Creek township. Of course it already had the right to build its line above that point, so that now the way is almost clear.

The most signal victory for the Wabash was the fact that it is the Pennsylvania company's property on which it has been given privilege to build, for it was its strenuous rival's ground that sought and succeeded in appropriating. Then too, it is the first time in Ohio that one railroad has appropriated another railroad's property to its own use. For this reason Judge Frank H. Kerr, of the probate court, had no precedent to follow in such cases in Ohio, but there were instances of the kind in several other states, of such proceedings.

For several months the case has been in the probate court and for many days the lawyers for the two great corporations fought the case across the table, with such prominent men as the president of the Wheeling

PEOPLE WHO CAN'T SLEEP

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired. Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncorrected for is almost criminal, when the well-known, time-tested and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. M. C. Murchland, of Commerce street, Wellsboro, O., says: "Dr. A. W. Chase's Nerve Pills in my case proved themselves an excellent nerve and general tonic. I was run down, nervous and not sleeping well. The medicine, however, gave me bodily strength, nerve steadiness and restful sleep, consequently I feel I can't recommend it too highly to others who suffer in a like manner."

CANCEROUS ULCERS ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise

becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it is remarkable what a wonderful effect it had from the beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good. Mrs. R. SHIRER, Wyandotte, Mo.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning of the beginning and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

HIS FAMILY IN ANXIETY

JOHN BECK HAS NOT BEEN HEARD FROM FOR THREE WEEKS.

Left to Go to Allegheny on a Freight Train And All Trace of Him Was Lost.

The wife and grown daughter of John Beck, a pattern maker, residing near the Methodist church on Pennsylvania avenue, are almost distracted over the continued absence of Mr. Beck. Three weeks ago last Monday Beck left for Allegheny in the hope of getting work at his trade, which would be more steady. He succeeded in getting employment in one of the large foundries the following day.

Beck made his home while in Allegheny with a married daughter, Mrs. Andrew Manypenny, of 1117 Brown street. He worked five days during that week and in response to a letter from Mrs. Beck requesting him to send some money came home. Late Saturday night he told his wife that he had work, but had not drawn any money and that he was compelled to steal his way home on a freight train.

The following Monday morning Beck started down town, after receiving 20 cents from his wife and stated his intention of returning to Allegheny on a freight train, as he had come. Since that time his family have not heard a word from him and are fearful that some accident may have overtaken him.

The family has an excellent reputation in the neighborhood and Beck was known as an industrious workman. His last work in this city was with Cain Bros., the machinists. Mrs. Beck has written her daughter in Allegheny every two or three days to inquire, but has received no favorable news from her or any one else. Mrs. Beck and her daughter are in straitened circumstances and have applied to the police to assist them in locating the missing man.

Beck is described as a medium heavily built man, about 52 years of age, of sandy complexion, gray mustache and wearing a suit of gray clothes.

FOUND IN THE WOODS

Stolen Tool Box Recovered, But Rifled of Its Contents.

A box of carpenter's tools, which was stolen Friday night from one of the buildings owned by Dr. R. J. Marshall at Dry Run, being built by C. W. Bahr, was found yesterday morning rifled of its contents. The chest, with the lock broken, was found in the woods at the end of the street car line. The tool chest contained tools valued at about \$28. Suspicion rests on foreigners living nearby, but no arrests have been made.

Mr. Bahr was hurriedly informed late Saturday night that two men in a light rig had pulled in alongside one of the buildings. On the approach of Bahr and another man the men in the rig whipped up the horse and succeeded in getting away before they could be questioned.

The loss of material and tools to the contractors in the upper portion of the city has been considerable of late and a close watch is being maintained in the hopes of capturing the guilty ones.

Neighbors Are Indignant.

The periodical beatings that an Italian residing on Pennsylvania avenue gives his wife do not meet with the approval of the community, and while the woman will not prepare any charge against the man, near neighbors who are compelled to listen to the quarrels between the two, intend unless the vicious practice is discontinued, to take the matter in their hands.

Work Is Progressing Well.

The work of building the large addition to the plant of the Pottery Mining & Milling company has progressed in fairly good shape. The brick work is complete to the first floor and is now being delayed on account of the floor joists not having as yet been received. The lumber is expected the last of the week when the brick work on the walls will again be resumed.

KNOWS MI-O-NA WILL CURE

Will Reed Has Such Faith in This Great Dyspepsia Remedy That He Guarantees It.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way Will Reed, the popular druggist, is selling Mi-na, the remarkable cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured as with Mi-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.

There is no longer need of anyone suffering or making their friends suffer on account of dyspepsia, for Mi-na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent that there is little risk in Will Reed guaranteeing to return the money if the medicine does not cure. And he stands ready to do so without questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears, and all forms of liver trouble are cured by Mi-na. A few days' treatment shows considerable gain in health and a cure speedily follows.

Remember that Mi-na is the only medicine for the cure of dyspepsia that is sold under an absolute guarantee to refund the money if it does not give satisfaction. If you are not perfectly satisfied with the results of Mi-na Mr. Reed will return your money without any questions.

good success in the pumping of the disbanding oil wells near Smith's Ferry. Yesterday he started pumping on one of them which showed good for four barrels, making a total from four wells of five barrels a day. Mr. Thompson has a number of other wells which he will also work.

EAST END AFFAIRS.

Mr. and Mrs. William Kinney, of St. George street, have went on a visit to Beaver Falls.

Mrs. Mary E. Skinner, of Chester, was visiting J. K. Hendershot, of the Klondike, today.

Mrs. J. S. Fowler left on the morning train and will be the guest of relatives at Baden, Pa., for a few days.

Rev. G. W. Orcutt is in attendance at the district convention of the Epworth league, which meets today at Salineville.

The social and entertainment of Eureka Circle, P. H. C., which was held in their hall last night, was a success and a large number of visiting brethren were present.

Sunstroke, undue heat oppression, summer lassitude, fatigue, poor appetite, stomach complaints, can all be avoided by building up a sound, vigorous vitality with Hagee's Cordial of Cod Liver Oil. Contains all the active properties of cod liver oil without the grease.

SUMMER OUTINGS.

Low Rates to Seashore, to the Lakes and to Other Attractive Resorts.

Vacation trips to attractive places for outings, including popular summer resorts, may be enjoyed at low fares by purchasing excursion tickets over the Pennsylvania Lines. A list of points which may be visited includes the National Capital, Philadelphia, New York, Boston, the Seashore, Niagara Falls, summer havens on the Great Lakes and in North Michigan, in Colorado and California, and coast resorts in the mountains.

Excursion fares to Boston will be in effect June 25, 26 and 27 for the Christian Scientist meeting, and July 2, 3, 4 and 5 for the National Educational Association meeting. The trip may be made via Washington, with stop-overs at the National Capital, at Baltimore, and at New York, returning via Niagara Falls.

The annual seashore excursion over the Pennsylvania Lines will be run August 6. On that date excursion tickets to Atlantic City, Cape May, Annapolis, Avalon, Holly Beach, Ocean City, Sea Isle City and Wildwood, N. J.; Ocean City, Maryland; Rehoboth, Delaware; will be sold at very low fares from principal stations on the Pennsylvania Lines.

The annual excursion to Niagara Falls over the Pennsylvania Lines will take place August 27. The fare will be especially low, and the return limit will be sufficient for enjoyable side trips to resorts in Canada.

Tickets to Chautauque Lake, to Lakeside and Put-in-Bay, to Presque Isle, to Mackinac Island, to Traverse City, and the scores of cool retreats in North Michigan; to Devil's Lake and the Islands of Wisconsin; and to the attractive resorts of the Northwest and West, may be obtained at principal ticket offices of the Pennsylvania Lines, every day during the summer.

On July 6th to 8th, inclusive, special low fares to Denver will be in effect for the Christian Endeavor meeting. On July 15th and 16th tickets to Detroit will be sold at low fares for the Epworth League meeting. On July 21st to August 13th fares to San Francisco will be very low on account of the G. A. R. National Encampment, and on September 15th, 16th and 20th a trip to Baltimore may be made at low fare, tickets on sale those dates account the I. O. O. F. meeting.

In fact, opportunities are offered for outings at low fares via Pennsylvania Lines to any part of the country, particularly to the summer resort sections of the United States. Full information regarding low fares, time of trains, etc., can be furnished upon application to Adam Hill, ticket agent, East Liverpool, O. d-11

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hustand, Pa. "At times she was unable to move at all, while at other times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is all times able to walk. An occasional application of Pain Balm keeps away the rheumatism she was formerly troubled with."—Alvin & Bulger.

NEW TERRITORY FOR THE CITY

A Proposition to Annex Outlying Districts Enjoins City Advantages.

VERY VALUABLE PROPERTY

Might Be Added in This Way and Help to Some Extent to Mitigate Tax Burden—A Prominent Taxpayer's View.

After a careful study of the city's financial condition a number of her most prominent business men, among them men or large means, have decided upon a method, which if carried out, will be the avenue by which the taxpayers will be relieved to a great extent from their burdensome assessment. They advance the idea of annexing to the city certain tracts of land adjacent to it, which they have estimated will increase the tax valuation at least \$500,000, and they argue that if the owners of these tracts are compelled to pay an equal share of the general taxes the burden will become lighter on all, and the propositions that now confront the property holder in the municipality will be much easier to bear.

In conversation with a News Review reporter one of these gentlemen, an expert financier, said:

"It is my opinion that something should be done, and that right away to assist the taxpayers of this city. That their burden is outrageous, no one will attempt to contradict. There may be more than one way to help them, but I know of one in particular that should be taken up at once, and if it is a very short time only will elapse until the rate charged the property holders will be materially decreased and the future will have a much brighter aspect than at present. I have probed the question deeply and feel that I am correct in my conclusions. It is my advice that the city council immediately take the necessary initial steps for the incorporation of all adjoining property that will add value to the city. We taxpayers now pay 26.80 mills on every dollar's worth of property we own within the corporate limits. In a very short time, when the five extra mills decided upon by council are added to the tax levy, we will have to pay

"The total tax valuation of the city is in the aggregate about \$6,000,000, and the amount of money required annually to run it is about \$80,000. Adjacent to the city are tracts of land—for instance Dixonville, Boydville, the Grandview plan and the William Calhoun addition—I name them simply because they come first to my mind. There are a number of others, and all should be included, which, if incorporated into the limits of the city, would increase the tax valuation at least \$500,000. Add that to the present valuation and the rate will be decreased.

"Why is it, I wonder, that these adjacent lands are not in the corporate limits? They certainly are reaping the benefits derived by those within the line. The land, most of it, has been platted and sold at an average of \$500 per lot, or \$5,000 per acre. If it is, as the owners say, just farm land, why is it that it is so valuable? Is there any farm one mile from the city limits that is worth \$5,000 an acre? I think not. If a farmer can get \$250 per acre for farming land he considers himself fortunate. I believe that the adjacent property has become so valuable simply because of its location.

"Again, don't the owners and residents of these adjoining plots enjoy the privileges of the man living in the corporation? Are they not using city water and gas? Don't they have fire protection and wouldn't a policeman protect them, if called upon? Are not they benefited by street cars being in their neighborhood? All of the above questions must be answered in the affirmative, and such being the conditions is it more than right that the benefited people be made to share the expense? They are now paying the rate charged the township, which is 13.80 and enjoying the privileges of those compelled to pay 31.80."

FOR SYSTEMIC CATARRH

Peculiar to Summer Pe-ru-na Gives Prompt and Permanent Relief.

C. S. Rhoads, Indianapolis, Ind., writes:
"For the past two years I have hardly known what it was to have a sweet, restful night's sleep. Cares and overwork seemed to weigh me down more than it should or would had I been able to get my proper rest. My doctor was unable to help me and ordered me South for a complete rest and change. As this was simply out of the question, and as I had heard several of the men under me speak of how much Peruna had helped them, I decided to try it and am glad indeed that I did. Six bottles made a new man of me. I eat well, sleep well and get up feeling refreshed and rested."
"My official duties are not half so hard and I certainly have good reasons to heartily endorse Peruna."—C. S. Rhoads.

Judge Wm. T. Zenor, of Washington, D. C., writes from 213 N. Capital street, Washington, D. C.:

"I take pleasure in saying that I can heartily recommend the use of Peruna as a remedy for catarrhal trouble and a most excellent tonic for general conditions."—Wm. T. Zenor.

Mrs. Amanda Morrill, 130 Reid street, Elizabeth, N. J., writes:

"I have been sick over two years with nervous prostration and general debility, and heart trouble. Have had four doctors; all said that I could not get well. I had not walked a step in nine months, suffering with partial paralysis and palpitation of the heart every other day, and had become so reduced in flesh as to be a mere skeleton, weighing only 85 pounds."
"Up to this date I have taken Peruna for seven months. It has saved my life as I can safely testify. I have not felt so well in five years, having walked over one mile without ill result, and have also gained thirty pounds since commencing to take Peruna. In fact, I cannot praise it too highly."—Mrs. Amanda Morrill.

Peruna never fails to prevent systemic catarrh or nervous prostration if taken in time. Peruna is the most prompt and permanent cure for all cases of nervous prostration caused by systemic catarrh known to the medical profession.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

The city council has taken a hand in the regulation of gas rates. That body does not propose to leave the gas monopoly free to establish iniquitous prices and has acted with commendable promptness. To both laymen and lawyers it appears that council has acted quite within its rights and strictly in accordance with the laws of the state. It is quite probable that a legal est will be made of the ordinance passed, for a powerful corporation like the Manufacturers' Gas company, having started a plan to take thousands of dollars from the pockets of the people to put it in its own coffers, does not ordinarily submit to dictation. But the city has right and justice upon its side and the upper hand in the fight. Backed by the law and unanimous public sentiment council has taken a

In the record-breaking immigration of the current year the newcomers from Austria, Russia and Italy have been in such great excess over all others that they have almost monopolized attention. It is nevertheless true that immigration from other lands is increasing at an even higher ratio than from these. The dispatch from Copenhagen stating that twice as many Danes started for the United States in May this year as in May a year ago is only one indication of this fact.

Since Memorial day, May 30, twelve boys have died in Pittsburgh of lockjaw, resulting from the use of toy pistols that day. The Fourth of July is approaching and parents who do not wish to run the risk of lockjaw with their boys will do well to interdict the use of pistols, especially those which use cartridges containing the fulminate of mercury, which is believed to have caused that disease in the cases at Pittsburgh.

"In time of peace prepare for war." Uncle Sam evidently has that maxim in mind. All of our gun factories are working full time, and the Watervliet arsenal is making 50 modern three-inch field guns. Besides these the government has contracted with German makers for a considerable number of the latter. The army is to be equipped at once with that new field artillery.

At last one of the proposed cross-county electric railroads has reached the construction stage. Nobody is protesting and Lisbon is rejoicing. East Liverpool's turn will come in time.

OBITUARY

Mrs. Lawrence Van Fossen.

Mrs. Lawrence Van Fossen, 36 years of age, died at 10 a. m. yesterday, at her home on Norton street. She was born in Fairview, Beaver county, and had been a resident of East Liverpool for the past 12 years. She was a member of the U. P. church. Mrs. Van Fossen is survived by her husband and three children, and by three brothers and four sisters. The funeral will take place from the home of her father, J. F. Herron, 167 Wall street, tomorrow at 11 a. m., in charge of Rev. Dr. J. C. Taggart. Interment at Salem cemetery, Black Hawk, Pa.

Death of an Infant.

The infant son of Mr. and Mrs. C. E. Jones, of Bradshaw avenue, died this morning at 2 o'clock. The child was but a few days old and was interred in Riverview cemetery at 3 o'clock this afternoon.

EPWORTH LEAGUE

Program for the Convention to Be Held at Salineville Today.

The program for the Epworth league convention of the First M. E. church, which will be held at Salineville today, promises to be very interesting to a number of those who intend to be present. The program follows:

Forenoon—Address, 10 a. m. "The Epworth League—A Training School," Dr. M. B. Pratt.

Afternoon—General topic, "The Field in Steubenville District;" "Organization," Rev. C. E. Manchester; "Evangelistic Work," Rev. J. O. Davidson; "Correspondence," Phoebe Hart; "The Use of Printer's Ink," Rev. G. W. Orcutt; solo, Miss Maggie Ylvest; "Primary Work," Mrs. J. B. Elliott; Evening address, Rev. J. C. Floyd, D. D., of Michigan.

At the conclusion of the day's program a special train will convey the guests back to the city.

The convention opened last evening with a praise service conducted by Rev. Dr. S. P. Lloyd. The address of welcome was delivered by Miss Gertrude McGillivray, of Salineville, in behalf of the Salineville league. The response was by J. L. Fisher, of Steubenville, in behalf of the visitors. He spoke encouragingly of the work that the society is doing. Rev. Charles Bayard Mitchell, D. D., of the First Methodist church, Cleveland, spoke eloquently of the great assistance which the league is to the church.

Fully 100 church workers and Epworth Leaguers of the First M. E. and First M. P. churches left this morning on the 7:53 train for the convention. The more important matters for consideration were before the convention today. The program will be especially interesting to the active and enthusiastic members of the League.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely to make one feel joyful."—For sale by Alvin & Bulger.

Detroit Paper Prints Story Regarding Third Assistant Postmaster General.

MADDEN WANTS INVESTIGATION

Accused of Letting Contract Without Permitting Competition—Postmaster General Asked to Probe Story and Its Source.

Detroit, June 24.—Third Assistant Postmaster General Edward C. Madden, who is visiting in this city, sent a letter to Postmaster General Payne denying that he let a contract for carbon paper for the registry division of the postoffice without permitting competition, and asking the postmaster general to immediately investigate the story and its source. The letter is as follows:

"The Free Press, of this city, tells its readers in an article with scare headlines that Third Assistant Postmaster General Madden is to be investigated. It alleges that I drew specifications of contract for supplying the department with carbon paper and that they were so framed as to allow no competition. The article makes Mr. Wynne say that he merely approved as a routine matter. It gives the impression that the contract is one over which the third assistant has control, and there is a broad inference that you consider the transaction corrupt.

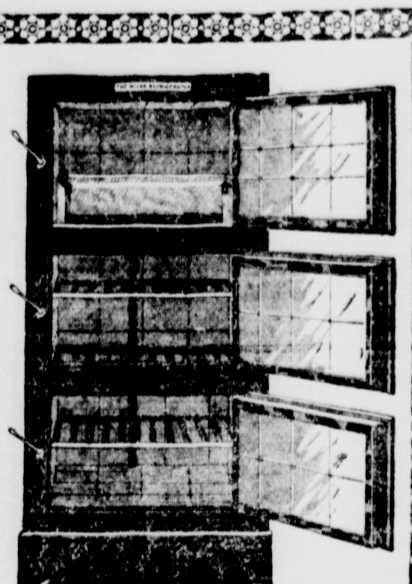

"The whole statement in so far as it attempts to involve me is absolutely false. I had nothing to do with the details of the contract; I drew no specifications; I did not initial; I did not sign; in fact, I never saw the contract, if there is one. My sole interest and connection with the subject is limited to an expression of approval of the particular carbon paper in question, by its labor-saving and in other ways a great improvement over the old style manifold process, and much better serves the needs of the postal service; and this approval was not given until after an investigation and recommendation to me by my superintendent of registry system and a recommendation by the superintendent of division of postoffice supplies of the first assistant's office.

"The contract—if there be one—was both drawn and let by the office of first assistant postmaster general, and with it I had absolutely nothing to do except as before stated. If the statements printed were given the Free Press correspondent from the office of the first or the fourth assistant postmaster general they misrepresent the facts, and the publication thereof, especially in my home city, is calculated to put me in a bad light before the people with whom I have lived for upward of 40 years and where I have earned what reputation I have. It is malicious, cruel and without the slightest justification.

"I know you too well to believe that you will sanction this attempt to involve and besmirch me unjustly, and I beg you, not only as man to man, but as a consideration due my office, to at once institute an investigation and do what you can to ascertain whether they are purely an invention of the writer. I ask that the publication of the facts be not tardy."

A BOY EXCURSIONIST UTTERLY DISAPPEARED

William Hughes, of Pittsburg, Not Seen After He Boarded the Picnic Train.

William Hughes, who came here with the O'Hara school picnic from Pittsburg yesterday, is lost. After he boarded the train at the latter city yesterday morning he was not seen by any of his friends, and has disappeared as completely as though the earth had swallowed him.

James Hughes, a step-brother of the boy, called at the mayor's office this morning to inquire if anyone answering his description had been arrested, but upon being permitted to go to the jail and look over the prisoners, stated he was not there. The brother had remained over night in order to renew the search, and learning in some manner that a number of the excursionists had been arrested, thought he might be among them.

The missing boy is 17 years of age, and had not been accustomed to traveling by himself. His friends are greatly worried at his absence and fear he may have met with foul play or an accident. He had considerable money with him.

PLANS LAID BY TWO MEN TO LOOT SEVERAL HOUSES

Continued from First Page.

pockets inside out. He was then ordered to move and keep his mouth shut. Only too glad to get out of their clutches, he acted immediately upon their advice. The daring couple then started back across the street and seeing Miss Gillespie ran after her for a short distance. She succeeded in reaching home and the thugs stopped before getting very close to her. In terror the young lady stood at her porch, thinking the men were making ready to approach her again. They, however, turned on their heels, knowing that their plans had been spoiled for further attempts at robbery, retreated to the porch, where they had left the boots, picked them up and left the vicinity.

Miss Gillespie describes the men as being dressed in dark clothing. One of them was rather small in stature. Both had the marks of dissipation on their faces and wore black derby hats. She could not get a good look at the man that was held up, but says he was of slender build and that he went toward the railroad tracks when he left.

SOUTH SIDE

A PLEASING BILL

Being Presented to Large Crowds at Rock Springs Theater This Week.

The strong vaudeville bill which Manager Strauss has selected for the attraction at Rock Springs theater this week is attracting large crowds, not only at the evening performances, but at every matinee. Hawkins & Harris are a strong team of comedians, and their turn is entirely new and original.

Miss Gladys Van, who has made such an impression with the East Liverpool music lovers, is a soloist of talent. Her voice is one of rare beauty and shows cultivation in every tone.

Mr. and Mrs. Harry Thorne head the sketch team, and their work is meritorious. Their extremely funny sketch, "An Uptown Flat," has pleased the audiences beyond measure.

Eddie Doyle, the juggler, is an old-time favorite with East Liverpool people, while Dave Nowlin, the celebrated monologist, never fails to bring down the house.

SHOT IN THE HAND

Southside Boy Injured While Handling a Loaded Shot Gun.

Burgess Allison, the 15-year-old son of Margaret Allison, living on the Fairview road, was accidentally shot by the discharge of a shot gun which was carried in the bed of the wagon in which he and Oscar Hobbs were making a trip to Fairview. On arriving at Fairview the boy attempted to take the weapon from the wagon and the trigger catching on the seat discharged it, tearing away the fleshy part of his left hand.

The wound was dressed by a physician and is likely to lay the boy up for at least two months.

CONTRACTS LET

For the Drilling of Test Wells For Chester Oil & Gas Company.

A meeting of the Chester Oil & Gas company was held last night and the contract for the drilling of three wells was awarded John D. Stewart & Sons. They will commence operations the first part of next week. A committee was also appointed for the purpose of locating the wells. Twenty-five of the thirty shares of stock have been disposed of.

The members of the company are expecting good results as the drilling is to be done in territory that has never been developed.

WITH A BROKEN LEG

Injured Foreigner Walked About In Search of Medical Aid.

Carlo Vespucci, an employee of the Marquette Coal company at Congo, met with a serious accident yesterday and is thought to have received internal injuries that may prove fatal. He was cook and interpreter. He fell from the coal tippie, a considerable height, and broke his right leg above the knee. In his weakened condition he started out to obtain medical attention with the broken bone protruding. His condition is now serious.

Death of J. M. Jackson, Jr.

R. S. Brown, superintendent of the East Liverpool bridge, received a telegram this morning informing him of the sudden death through heart disease of J. M. Jackson, Jr., president of the Citizens Trust and Guaranty company, of Parkersburg, receivers of the bridge. Mr. Jackson was a son of U. S. Judge Jackson and about 50 years of age. He had a large circle of friends in Hancock county. Mr. Brown will probably attend the funeral.

Hugh Leeper, of Hookstown, was a Chester business visitor today.

W. H. Beebout, of New Cumberland, was in Chester today on business.

John Hendricks is the guest of Mrs. Elisha Haught, of Fairview avenue.

Frank Rambo has moved from Lawrenceville to a house on Pan avenue.

Frank Carson, of Fairview, has returned home after visiting Chester friends.

Henry Riley has returned from New Cumberland, where he had been on business.

Ex-Sheriff Wilkins, of New Cumberland, was in Chester today collecting delinquent taxes.

Neel Wyllie and Charles Cunningham have taken positions at a new mill near Shippingport.

Mrs. Mary E. Skinner will leave tomorrow on a visit to her former home at Coshocton.

The mason work was commenced this morning on the business block of W. F. Poole on Carolina avenue.

Justice A. G. Pugh has added another to his insurance companies, the New York underwriters of Hartford being the one.

The two remaining prisoners left over from the Carnegie picnic, who were unable to pay their fines, were released last night.

The lawn fête which was to have been given by the ladies of the M. E. church last night, was postponed on account of the weather.

Joseph Metz has commenced moving his house from the Cunningham road on which it stood five feet. The moving was done by a request of Chester council recently.

New Method of Suicide.

New York, June 24.—Archibald Morrison, a silk salesman, committed suicide in a novel way from the Brooklyn bridge. He climbed the platform railing south of the Brooklyn tower, jumped on top of a train bound for Brooklyn, fell off the last car, struck the third rail, was flung across the track, fell through the ties and landed on Front street, more than 100 feet below, a mangled corpse. A passenger on the rear platform of the last car of the train saw him jump and yelled. As Morrison jumped part of the car ran under a bar crossing the trestle work and he was hit by it. It swept him off the car, landing him on the third rail. He was probably dead before he fell to the street.

Strike Situation Alarming.

Richmond, Va., June 24.—Governor Montagu ordered the Tenth regiment, the Richmond Blues battalion and the Richmond Howitzers, an artillery company, on duty to aid in maintaining order against the street car strikers and their sympathizers. The Seventieth regiment is also to report. Five of its companies are in Richmond. The other seven will come from Danville, Farmville, Charlottesville, Staunton, Lynchburg, Alexandria and Roanoke. There has been much rioting as a result of the strike and the situation is ugly. No cars are being run.

Paper Mills Strike.

Sandy Hill, N. Y., June 24.—The strike in the International Paper company mill at Fort Edward may involve mills in Glens Falls, Maine and Vermont. One hundred laborers demanded an increase in wages. This was refused and a notice posted that the mill would close immediately unless the men returned. It is expected the employees in other mills will go out. The men employed inside the mills of the Union Bag and Paper company here demanded increased pay, and the same demand was made of the Allen Brothers company's wall paper mill.

Libel Bill Denounced.

Atlantic City, June 24.—The international league of press clubs, which is in session here, denounced the Salus-Grady libel law of Pennsylvania. Resolutions introduced by E. A. McSwiggan, of Pittsburg, attacking the law, were adopted by a unanimous vote. They called upon all newspaper men to work for the repeal of the act. St. Louis and Salt Lake want the next convention.

HEALTH BOARD DID BUSINESS

Took Steps to Remedy Alleged Nuisances in Tanyard Run District.

RULES FOR MILK DEALERS

Offered and Adopted, a Permit Being Required For All—Health Officer Has Full Power to Deal With Complaints of Nuisances.

In the few weeks that the board of health has been operating under the new municipal code more actual benefit and permanent good has been done along the line of public health than in a year under the old regulations.

The board as it now operates is not handicapped by the whims and fancies of a prejudiced and tardy sewer commission, but has a live service board to deal with, and the outcome of last night's meeting of the health board will prove this beyond the question of a doubt. Clerk J. T. Herbert was notified at the last meeting of the board to ascertain whether or not the board of public service would construct a sanitary sewer in the vicinity of Avondale street, and along Tanyard run to the river. In answer to the request the following communication was received:

"June 13, 1903.

"The Board of Health:
"Dear Sirs—We recommend your sanitary police officer investigate and report all persons connected to the storm sewer for sanitary purpose. Also that he investigate on Avondale street the sewer placed there for the drainage of the coal banks and surface water, find out who is connected to the sewer for sanitary purpose. Avondale street has a sanitary sewer and a drainage sewer. Complaint comes to us that the drainage sewer has become a nuisance, flooding cellars with filth. We will be glad to help abate the nuisance.

"Respectfully,
"BOARD OF PUBLIC SERVICE.
"J. W. Gipner, Sec."

The communication was received and the request will be complied with at once. Sanitary Policeman Burgess stated that he would start on the work the first thing this morning and was sure he could have it fully completed by Saturday. He will begin as far down as West Seventh street, and from there up Tanyard run to Sprine street, taking in Grant and Avondale. When he has completed the task the board will have a complete list of all property owners who have hitched onto the storm water sewer for sanitary purposes. The list will be turned over to Dr. Ogden, and will be presented in an official way to the board of public service. If the present intentions of the latter are carried out, the city, or that portion of it which lies in the vicinity of Tanyard run, will be relieved of an annoyance which has been contended with for years and one with which the council has wrestled on many occasions.

There were but three members of the board present, Messrs. Harris, Haines and Andrews. All acted favorably upon the question.

Action was not taken to regulate the sale of milk.

First—No person shall bring or send into the city for sale, or sell, or offer for sale, any milk without a written permit to do so from the board of health, which shall grant permits to all applicants on condition that they faithfully observe the laws, ordinances and rules for dealing in milk.

Second—Any permit so granted may be revoked by the board of health by written notice, when it shall appear that the party to whom such a permit has been granted, has violated any law of the state or ordinance of the city of East Liverpool, or rule of the board of health, relating to dealing in milk.

Third—Said permits shall be dated January 1 and July 1, of the year in which they are issued and shall be good for a period of six months from their date. The fee for issuing each certificate shall be fifty cents.

Fourth—Before obtaining such permit the applicant shall state to the board of health or its agent:

1. His name and place of business.
2. The number of cows, if any, owned by him.
3. The name and place of business of any and all persons from whom he purchases milk.
4. Naming amount of milk purchased and the daily amount of milk sold by him, as near as he can estimate the same. The clerk of the board of health shall keep a record of such statement for public inspection.
5. Any person violating any of the foregoing rules and regulations shall upon conviction, be fined in any sum not more than twenty-five dollars (\$25.00) and cost of prosecution, and said rules shall take effect from and

after their passage and legal publication.

The above resolution was unanimously adopted, and the clerk will be ready to issue licenses as soon as the resolution has had its legal publication.

Clerk Herbert, with the city solicitor, has prepared a blank form to be used in cases where it is the desire of the board to abate a nuisance. These notices state that in the opinion of the board the point complained of is a public nuisance and must be abated within a certain length of time. If the terms of the notification are not complied with prosecutions will follow; or if the board sees fit to do so the work will be done by it and the cost charged to the property on the general tax duplicate. It was found necessary to send out a number of these notices last night. One was ordered forwarded to the Burford Bros. Pottery company, one to Robert Burford and another to J. H. Brookes. In each case the time given was five days, as all were deemed urgent. The Burford property complained of in both instances is situated at and near the pottery on the Horn switch, while that of Mr. Brookes lies in the vicinity of College street. A drainage sewer is very badly needed at a property of J. H. Brookes on Third street. He will be notified to attend to the matter without delay.

Mr. Haines wanted to know if the health officer did not have the power to go ahead with many of the urgent matters that come before the board without waiting for a regular meeting or calling a special one. He was informed that so long as the nuisance or complaint came in a proper form and the abating of the same did not involve the expenditure of money, the health officer had full jurisdiction. Dr. Ogden stated he would look closely into every complaint laid before him.

The garbage question, that every member of the board has come to look upon as a bugaboo, was mentioned, but immediately dropped. It was the opinion of the members that the board of public service had the question in hand, and as they had no information, in an official way, that the service board intended to turn it over to the health department, the latter did not propose to worry over it.

At the conclusion of the business meeting, and before the board adjourned, an informal talk was indulged in by the members. Many matters of importance were discussed, indicating that the health board, during the coming year, would be a live body.

DETECTIVE MURDERED BY NEGRO

William E. Murphy Loses Life Trying to Arrest Desperado—Threats of Lynching.

Peoria, Ill., June 24.—Detective William E. Murphy was killed by "Billy" McRay, a negro desperado whom he was attempting to arrest. Murphy approached the negro and informed him that he was under arrest. Without a moment's warning McRay shot the officer in the breast. He then attempted to make his escape, but was caught by Detective Chadwick. Murphy was taken to the hospital, where he died within 20 minutes of the time he received the wound.

McRay was hurried to the city jail and in less than an hour a mob numbering at least 1,000 men and boys had assembled and made a demand on the chief of police for the prisoner. The chief refused to surrender him.

With the hope of attracting the attention of the mob the fire department was called out and made a run past the jail. The ruse partially succeeded. In the meantime the chief had ordered all the electric lights in the city put out and in the darkness McRay was taken hurriedly to the county jail. In a short time the mob discovered that it had been deceived and formed in front of the county jail. The entire police force of the city was called out in order to guard the jail.

Shortly before 1 o'clock this morning the mob surrounding the jail began to disperse, awed by the determined attitude of Sheriff Potter, who stationed a dozen deputies and police in front of the jail armed with revolvers and Winchester rifles. They were instructed to fire upon the mob should any attempt to enter the jail be made. Inside the building 20 police were stationed. While the mob still clamored for the negro, it is evident that it lacks a leader, and the authorities are confident that they will be able to cope with the situation.

Negro Found Hanging in Swamp.

Cleveland, Miss., June 24.—The body of George Kincaid, a negro who seriously wounded John Brock and George Stokley five years ago, has been found hanging in the swamps. A mob gathered at Ruleville Saturday to lynch the negro, who was spirited away to this place by a deputy sheriff. A man named Jackson presented an order signed by another deputy sheriff for the delivery of the prisoner. Kincaid was then given up and taken away. The discovery of his body in the swamp followed.

Ohio Company Increases Capital Stock. Columbus, O., June 24.—The Sciota Valley Traction company increased its capital stock from \$1,000,000 to \$3,000,000. The company is pushing construction of its lines from Columbus to Chillicothe and from Columbus to Lancaster, and expects to have the former in operation by fall.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains.

"Life looks dark indeed when a woman feels that her strength is sapling away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me. I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."

The record of Lydia E. Pinkham's Vegetable Compound cannot be equalled by any other medicine in the world.

THE PRESIDENT

Of the City Council, Wilkes-barre, Pa., Cured of Rheumatism.

Col. Wm. J. Harvey, a president of Wilkes-barre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. A friend had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to Col. Harvey and he is today a well man, hale and hearty. He writes straight to the point: DR. DAVID KENNEDY.

Dear Sir:—This is to certify that I was permanently cured of rheumatism by the use of Dr. David Kennedy's Favorite Remedy.

WM. J. HARVEY.

Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Care your kidneys and the rheumatism disappears. For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

REALM OF SPORTS WRONG WAY AROUND

"Curt" Welch's Homer Didn't Count Because He Circled to the Right

Peter R. Fahey, of Cleveland, tells this excellent story about Curt Welch: "Curt," as is well known, was one of the "scrappiest" players that ever went on a field, a fact largely due to his uncontrollable temper. At the slightest taunting from the bleachers he would get beside himself with rage, often to the sorrow of his team-mates.

In a game between Baltimore and St. Louis, which I witnessed, the score stood 1 to 1, in the 12th inning, with Welch at the bat, and two out. "Hit it over the fence, you big lobster; you can't do it," yelled a chorus of voices from the sunny side of the seats, and Welch was so enraged that the hair stood straight on his head, and the flush in his cheeks told how mad he was. Two bad ones that were called strikes tended only to further his rage. When the third ball was pitched he landed on it, and it went over the fence straight down through center field. Welch tore around the bases like a mad man, and as he crossed the plate the umpire yelled, "You're out." Welch had run the bases the wrong way, going to third first, and completing the circuit without discovering his error, so blind was he with rage."

LEGAL RESOLUTION.

To Regulate the Sale of Milk in the City of East Liverpool, State of Ohio, and to Require Milk Dealers to Obtain a Permit from the Board of Health of Said City.

First—No person shall bring or send into the city for sale, or sell, or offer for sale any milk without a written permit to do so from the board of health, which shall grant permits to all applicants on condition that they faithfully observe the laws, ordinances and rules for dealing in milk.

Second—Any permit so granted may be revoked by the board of health by written notice, when it shall appear that the party to whom such a permit has been granted, has violated any law of the state or ordinance of the City of East Liverpool, or rule of the board of health, relating to dealing in milk.

Third—Said permits shall be dated January 1st and July 1st of the year in which they are issued and shall be good for a period of six months from their date. The fee for issuing each certificate shall be fifty cents.

Fourth—Before obtaining such permit the applicant shall state to the board of health or its agent:

1. His name and place of business.
2. The number of cows, if any, owned by him.
3. The name and place of business of any and all persons from whom he purchases milk.
4. Naming amount of milk purchased and the daily amount of milk sold by him, as near as he can estimate the same. The clerk of the board of health shall keep a record of such statement for public inspection.
5. Any person violating any of the foregoing rules and regulations shall upon conviction, be fined in any sum not more than twenty-five dollars (\$25.00) and cost of prosecution, and said rules shall take effect from and after their passage and legal publication.

ORDINANCE 760.

An Ordinance Providing the Manner of Platting Sub-Divisions of the City of East Liverpool.

Section 1. Be it ordained by the Council of the City of East Liverpool, that whenever a proprietor of lots or grounds in the city of East Liverpool, who sub-divides or lays the same out for sale, submits a plat of the same in accordance with Section 2601 of the Revised Statutes of Ohio, to the City Council for approval, such plat shall be referred to the committee on streets for at least one week before a vote on its approval can be taken.

Section 2. Before any plat of land wherein any new streets or alleys are opened or laid out within the city limits, shall be recommended by the

Good Sport in Colorado.

Bear, antelope and mountain lions.

To bag them you have to leave the railroad behind you, hire a guide and plunge "into the interior" on horseback.

It costs money and takes time, this—but it's worth while.

Low rates via the Rock Island, June 1 to September 30. Information on request.

COAL FLEET MOVING

Large Quantity of Black Diamonds Started Down the River to Market.

The first boats of the coal fleet which left Pittsburgh last night on the rise of the river passed this city at 11 o'clock this morning. The flagship of the fleet was the Ed. Roberts, followed closely by the Iron Age, Toronado and the Charles Brown.

The amount of coal shipped at this time of the river is an exceptionally large one and will be taken advantage of by coal concerns during the present high stage of water.

Chester Property Owner Insane.

Lisbon, June 24.—(Special.)—Thomas H. Gardner, the Lisbon colored man who was subjected to an insanity inquest some time ago and discharged, was again taken into probate court yesterday afternoon and was adjudged insane. Gardner is the owner of some property, of which he now seems to have a vague idea, but persistent questioning by Judge Martin elicited the information that it consists of some restaurant fixtures in Leetonia and lot 476 in Chester, W. Va., for which Gardner produced a deed, showing that he had paid \$1,000.

NOMINATIONS OF THE DEMOCRATS

LEONARD NAMED FOR SHERIFF FOR ANOTHER TERM.

Taylor is Named for Prosecuting Attorney and Wallace for Treasurer.

Lisbon, June 24.—(Special.)—The Democratic county convention met in the probate court room here today to nominate candidates for county offices and the legislature and to select delegates to the state convention.

County Chairman W. J. Foley, of East Palestine, called the convention to order at 11:15 and briefly thanked the members of the county committee and the party generally for their hearty cooperation with him in his official capacity during the past year.

After the reading of the official call by the secretary, M. C. Moore, of East Palestine, George B. Aten, of Wellsville, was called upon to serve as temporary chairman and W. T. Cutshall, of New Waterford, was made temporary secretary. The temporary organization was afterwards made permanent. The following committees were appointed:

Credentials—B. Renkenberger, Columbiana; George S. Walton, Salem; M. E. Miskall, East Liverpool; Permanent organization—J. J. Weisend, East Liverpool; T. F. Arnold, Leetonia; J. N. Mahaffey, St. Clair township.

Rules and order—B. F. Camp, Butler township; S. W. Tidd, Columbiana; Thomas F. Starkey, St. Clair township.

Resolutions—T. F. Arnold, Leetonia; Otto Juerguena, Salem; W. H. Spence, Lisbon.

A call of the townships showed that all but six were represented, those unrepresented having a total of 13 votes as follows: Knox, 3; Madison, 1; Middleton, 3; Washington, 3; West, 2; Yellow Creek, 1. The convention then adjourned until 1 o'clock.

The following ticket was nominated: Representatives, E. P. Speidel and O. J. Astry.

Prosecutor, A. W. Taylor, Salem; Sheriff, Charles P. Leonard, Wellsville; Treasurer, W. C. Wallace, Unity township; Commissioner, Samuel Rambo, St. Clair township.

BUSINESS MEETING OF EPWORTH LEAGUE

Reports Read at This Mornings Session Indicated Great Progress.

Salineville, June 24.—(Special.)—The Epworth League convention opened this morning at 8 with devotional exercises led by Finley Chapter, of Steubenville. Routine business was then taken up, and minutes read. The calling of the roll of delegates followed. By motion and vote E. B. Cope was ordered to receive all moneys in the absence of the treasurer, E. O. Lucas, of Bloomingdale. The report of officers of the different chapters took up much time at the morning session. The reports showed excellent work done by the Epworth League in the entire district. The reports were full of interest and showed an increase in membership in the League. A few chapters were not represented, but all reported encouraging work.

The following were appointed as committees: Nomination—Dr. C. E. Manchester, Steubenville; L. L. Fisher, Steubenville; Arthur Savage, East Liverpool. Resolutions—Elwood Scott, New Alexandria; Rev. G. W. Orent, East Liverpool; Dr. M. B. Pratt, East Liverpool.

The Junior Epworth League reports were called for and Toronto, Mingo and Erie street, East Liverpool, responded. The East Liverpool choir, composed of Miss Miller, Mrs. Fowler, Mrs. Haines and Miss James, sang "When Love Comes In" in a beautiful manner, to the delight of the audience. They were encored and responded with another selection.

A resolution was introduced declaring that as the league had recently been reorganized by the Board of Control, changing the names and plans of work of the department, it was the sense of this convention that chapters throughout the Steubenville district should, at the earliest possible date, be organized in harmony with the new plan. This was voted down, 30 to 60. The convention then adjourned until after dinner.

Attending a Wedding. A party consisting of Mr. and Mrs. Charles T. Larkins and son, William Larkins, Frank Fowler, Mrs. Emma Meeks, Mrs. John T. Fowler and George F. Fowler are spending the day at Beaver Falls, where they are attending the marriage of Miss Fern Young, a cousin of Mr. and Mrs. Charles Larkins, and Mr. Fred Spous, or both of Beaver Falls. Miss Young is well known in this city, having been the guest of relatives here at various times. The bride and groom are both prominent in Beaver Falls society.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, or summer complaint, if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

GREAT MULTITUDE HEARD COOPER

At His Show Grounds Here Last Night.

FREE SHOW AND CONCERT

Was Greatly Enjoyed By the Assembly—Dr. Cooper's New Discovery.

Fully five thousand people enthusiastically greeted Colonel Cooper and his large company of comedians, vaudeville performers and musicians last night on Brunt's Hill, just off Calcutta road. The show was one of the finest ever witnessed here and the promenade concert was greatly enjoyed. It was the largest audience ever gathered in the open air in East Liverpool, and not a single one in all that vast concourse of people regretted having taken the time and trouble to attend.

After the show and concert Colonel Cooper appeared on the pavilion platform and addressed the audience in an entertaining manner. He stated that he was here for one month to advertise Dr. Cooper's New Discovery, the greatest blood purifier in the world today. He told of the countless thousands it had saved from untimely graves and of the boon it had been to suffering humanity in all the earth around. Indigestion, nervousness, sleeplessness, bad taste in the mouth, dizziness, spots before the eyes, and a hundred other annoying ills disappear under the magical alchemy of the New Discovery—and money back if these things are not true. Cooper explained that he had but a limited quantity to dispose of here and those wishing the remedy should raise their hands. At least two hundred hands went up and Cooper courteously waited on them as long as his supply lasted.

There was a cake eating contest and a bright faced chap won a new five dollar bill for his agility and rapidity in downing a large number of cakes.

There will be another show and concert tonight and an amusing contest. Sales parlors will be open near the show grounds, where polite attendants will serve all comers. Consultation is absolutely free in every case. Cooper is here to stay one month with a free show and concert every night except Sunday. Attend and get acquainted with him.

BURGLARS PAID A VISIT TO THE LEADER STORE

Went All Through It in Search of Cash, But
Succeeded in Finding Only
50 Cents.

AN ORGANIZED GANG EVIDENTLY AT WORK

The Leader store of Samler Bros. was entered by burglars last night, and though every till in the establishment was gone through, nothing of value was taken so far as Manager Fuller and his force have been able to learn.

The thieves climbed over the fence at the rear of the store, as was shown by the muddy footprints on the fence and in the passage way at the back door. From the appearance of the door a small chisel was used, and a lower panel of the door was cut away. The job was not a neat one by any means, but answered the purpose. The panel is about eight inches wide and perhaps 14 inches long, and would permit the passage of a boy's body. It is the opinion of the proprietors that the work was that of boys, as there was every indication that the job was performed by amateurs.

The rounds were made along the counters and every cash drawer in the establishment was looked over. About

50 cents in small change was collected. They next visited the desk which stands near the huge iron safe at the back door. The drawers were rifled and papers and other articles which had been stored away for safe keeping turned topsy turvy. The search was fruitless, however, and the 50 cents was the extent of the find. Not an article upon the counters or shelves was disturbed, and even the jewelry was untouched. Daniel Samler, one of the proprietors of the store, was in the establishment at 11 o'clock, but noticed nothing out of the ordinary. It is thought the robbers visited the place after that time.

The authorities were notified, and have the case well in hand. It is believed by them that the robbers are the same who have made several unsuccessful attempts to rob stores and private residences in the city within the past few weeks. Officer Dawson is certain the band is made up of boys, and believes he can place his hands on at least two of them.

the matter, and to make sure that the boy should not get into mischief again, he was sent back to jail. He will probably be released in time to return with the Pittsburg people who are at Rock Springs today.

DRINK CRAZED LAD FOUGHT THE CHIEF

Youngster From Pittsburg Resisted Arrest and Acted Like a Wild Man.

SORRY IN THE MORNING

The session of police court was not lengthy this morning, and but one offender faced Mayor Weaver. He was John Wendell, a 16-year-old Pittsburg lad, who came to town yesterday with the excursionists.

The boy was one of about a dozen who became involved in a free-for-all fight at the corner of Third street and Broadway late yesterday afternoon. The locality is the roughest in the city, and the men were permitted to fight for some time without interruption. The attention of Chief Wyman was attracted and he was soon in the thickest of the fray. It developed that he was unable to cope with the entire crowd, and he had collared two of the roughts, when young Wendell made his way through the crowd and struck the chief. The latter called for assistance, and passed one of his prisoners to a newspaper reporter who was standing near, in order that he might take the Pittsburg boy in tow. The newspaper man could write but was no scrapper, and when the prisoner showed fight he failed to stand his ground. He was so badly frightened that he saw revolver hilts and razors protruding from every pocket in the man's clothes, and, of course, gave up the battle before it began.

Meanwhile Chief Wyman had his hands full and finally turned his undivided attention to Wendell, who was fighting like a demon. He was finally subdued and taken to the city jail, where he remained over night, raving like a madman. He came to his senses some time during the night, and was conscious of that thirst which sometimes follows a "bat." He was made comfortable by Officers McDermott and Sausberry, and when arraigned this morning was as meek as a lamb. Mayor Weaver asked the lad if he was aware that he had been a bad boy yesterday, and was told that he had but one finger of whisky out of a half pint bottle. He said he certainly must have been doped, as he knew absolutely nothing of what transpired in the afternoon. He was not a school pupil, though he did come to town with the school picnic, and he was very anxious to get back home.

Wendell had the return coupon of his excursion ticket, and the authorities were in some doubt as to whether it would be good for today. While some inquiry was made in regard to

BELATED APPEARANCE MADE BY WELLS

East Liverpool Saloon Man Arraigned, Fined and Jailed—Minor Matters in Court.

Lisbon, June 24.—(Special.)—George Wells, an East Liverpool saloon man indicted by the April grand jury for selling to habitual drinkers, made a belated appearance last evening and is now in jail. He disappeared after his indictment and was arrested in East Liverpool only a few days ago. Before Judge Hole last evening he pleaded guilty and was fined \$15 and costs. Not being able to pay he was sent to jail.

James Clunk, of Lisbon, has been held to court under \$200 bond to keep the peace. William J. Clark brought action against him in Justice Dickinson's court.

David Longanecker, of Leetonia, has been held to court on a similar complaint, his stepmother, Katherine F. Longanecker, being the complainant. The action was before Justice Lodge Riddle.

A motion to the answer has been overruled in the case of Willard A. Heston against Abraham Heston and leave given to reply by June 26.

In the case of Sarah A. Metzger vs. J. O. Greiner et al the defendants have leave to amend their answer.

In the case of Sarah A. Metzger vs. Ira A. Brainard et al leave is given the defendants to file supplemental answer instantly.

YOUNG WOMAN FELL IN A FAINTING FIT

Broke a Show Case By Striking It and Narrowly Missed Serious Injury.

Miss Mame Wettington, of Thompson hill, was seized with a fainting fit in the Diamond at 1:30 this afternoon, and came near being killed. The lady was standing near the entrance of R. W. Sample's shoe store and only a few feet from a cellar way. When she fell her left shoulder and head struck the door of an outside shoe case, composed entirely of glass. The large glass door was broken and the shoes inside the case damaged to some extent.

Miss Wettington was picked up unconscious, and carried into the store, where she was revived. In falling the lady narrowly escaped falling into the basement near at hand. She was able to walk to her home in about two hours after the accident. The illness was attributed to heart disease.

Fuel Gas at Present Rate For the
Next Ten Years.

The outrageous demands made by the Ohio Valley Gas company were laid low last evening by the city council when that body, in regular session, passed an ordinance regulating the price which any and all gas companies may charge for gas for and during the ensuing 10 years.

Public sentiment having been aroused to an excited pitch, the members of council determined that something should be done to defeat the carrying out of the threats made by the Ohio Valley and Tri-State Gas companies and personally visited Solicitor Davidson for an understanding of his views on the demands. He investigated the law pertaining to such action very thoroughly and advised that an ordinance be passed fixing the rate. The members requested him to draft the most important paper, and upon its presentation to the councilmanic body

the members seemed unable to vote for it fast enough. They jumped at the chance with more eagerness than has been displayed in the council chamber in many months.

The ordinance was introduced by Mr. Cannon and on motion of Mr. Bullock the rules were suspended and it was placed on its third reading and final passage. The stipulations which will be in force for ten years will meet the approval of the citizens in general. They provide a rate to conform with that now in vogue and not alone are the restrictions made on the present gas companies, but on any and all gas companies that may locate in the city or sell the product within the corporate limits.

The unreasonable charge proposed by the company, \$1 whether or not gas was used, was killed. The consumer will have to pay only for what he

uses. The rate to private consumers will be as in the past, 25 cents per thousand feet and a discount of five cents will be allowed those paying their bills within ten days after the date of maturity. The ordinance also stipulates that no charge shall be made for the rental or placing of meters to exceed that which is now imposed.

In an interview with Manager Grogg, of the Ohio Valley company, this morning he inferred that the company proposed to go right ahead with its original plans. The claim is made by the corporation that no council or other legislative body has the right to fix the price to be charged by it for the service furnished. The price of materials and equipment has increased, and the general expenses have become so great that the company believes it

WORK BEGUN ON NEW LINE

Lisbon Rejoiced at the Start of
Work on Youngstown and
River Railway.

WILL BE PUSHED RAPIDLY

Lisbon, June 24.—(Special.)—The uncertainty that has invested much of the railroad building that has been in progress on paper in this vicinity for some time, was dispelled to a degree this morning when a force of men commenced work here on the Youngstown & Ohio River Electric Light and Power company's electric line.

A dozen men and a half dozen teams commenced work early this morning to excavate for the road bed in front of the Hasbrouck hotel on Market street. The men are at work under the direction of C. S. Bidwell, of Piqua, O., a construction foreman in the employ of the Cleveland Construction company, which has the contract and of which William Cristy, of Akron, is the president. Mr. Bidwell arrived in Lisbon yesterday afternoon. A consignment of material, including ties and girder rails, is already here and the grading force that is making the road bed will be followed closely by another gang of workmen who will lay the track at once within the city limits at least.

From the starting point on Market street just south of Washington street the line will proceed south a block to Water street and thence west on Water street to the tow path of the old Sandy and Beaver canal. Following the canal to the old McKinley home-

stead about a mile northwest of town, it will cross the Beaver at that point, passing along the west side of the stream through Shelton's Grove to Franklin Square and Leetonia, and eventually to Youngstown via Washingtonville, Calla and Canfield.

Work is to be started on the Salem spur at that city within a few days. It is said, and the two construction gangs will work toward the junction on the Ruth Nichols farm near Franklin Square. The company has purchased six acres of Mrs. Nichols at Teegarden for the location of the power house and car barn. The work will be pushed as rapidly as possible and it is predicted that cars will be running within five or six months if the construction is not retarded by the non-arrival of material.

A few small stretches of right of way remain to be secured, but most of these difficulties will be disposed of by appropriation proceedings in the courts, the owners in some instances setting a fabulous price on their land as soon as it appeared that the road would be built.

It was the declared intention of this company at the inception of the project to build its line through to the river, with East Liverpool as the objective point, but from present indications the company will complete first the northern part of the system, where rights of way matters and nearly all other details are in shape for the work to be pushed rapidly.

GREAT ENTHUSIASM SHOWN KING PETER

He Was Tendered an Auspicious Ovation Upon His Arrival at Belgrade This Morning.

Belgrade, June 24.—(Special.)—King Peter arrived here at 10 o'clock this morning and was received by the populace with great enthusiasm. The Russian and Austrian ministers were the only foreign representatives present.

J. C. WALSH CREATED A BIG SCENE

East Liverpool Democratic Political Leader Was
Ejected From the County
Convention.

Lisbon, June 24.—(Special.)—The Democratic county convention culminated in a sensational scene this afternoon, when J. C. Walsh, of East Liverpool, a defeated aspirant for the nomination for representative, insisted on criticising the action of the convention. P. S. Barnard, of Leetonia, rose to a point of order and insisted Walsh retire, but Walsh kept on talking. At length A. P. Dennis, Wells-ville, Joseph Gottschalk, of Salem, and

others, laid hold of Walsh and put him out.

Walsh continued to struggle in the corridor, claiming he was being denied his rights. Sheriff Leonard was at length called upon to restore order and several of Walsh's friends got him to leave the court house.

The nominees for representative were E. P. Speidel, of Hanoverton, and O. J. Astory, of Salem. Walsh, who was a candidate, was defeated.

MANY ORDINANCES PASSED BY COUNCIL

Police and Fire Departments Created, the Number, Salaries and Bonds Being Fixed.

THE TAX LEVY ACCEPTED

Learning through the News Review that their apportionment of the city's tax levy as decided upon by them in a special session on Monday evening was disapproved by the board of public service and that it would not be certified by the tax commission, the finance committee of council got busy last evening just prior to the meeting of council and altered the figures. It was the hope of the members that by the change everyone affected by the levy would be satisfied and they were practically assured that the board of public service would not file exceptions to their action. However, the tax commission, from inferences gained today, will not yet approve the apportionment. It is thought that the latter body is not favorable to the levy proposed for the public library.

The committee called upon Solicitor Davidson for advice and was informed that it would be impossible to fix the park levy outside the 10 mills provided for the general expenses of the city. It was therefore compulsory that it cut down the fund of at least two departments. After a lengthy conversation with the board of public service they decided to fix the park fund at 2 mills by decreasing the fund of the safety board 1 and the fund of the board of public service 2. The final rates were decided upon as follows: For park purposes, 2; for general purposes, 2.1; for public health, 3; for public safety, 2.7; for public service, 4.7; total, 10.1; for library purposes, 5; for sinking fund and interest, 4; total, 14.5. The above will be submitted to the tax commission, which will take action on it at a meeting tomorrow evening.

The ordinance fixing the number of salaries and bonds of the police department was referred to an ordinance committee which the president was empowered to select, and which he will have chosen by the time of the next meeting. According to the ordinance there will be 8 patrolmen and one chief of police, the former to receive \$2.50 per day and the latter \$100 per month, and all to be under bond of \$500.

An ordinance establishing the classified list of the fire department was also introduced and referred to the ordinance committee. It provides for a chief, at a salary of \$100; assistant chief, \$81; two captains, \$76, and 8

PLANS LAID BY TWO MEN TO LOOT SEVERAL HOUSES

Their Scheme Was Frustrated by a Young Lady
Who Was Closely Watching
Their Movements.

SHE SAW THEM HOLD UP AND ROB A MAN

Two daring thugs created terror on West Fourth street last night shortly before 11 o'clock. After laying plans to loot a number of houses in the vicinity, they held up an unknown man and then chased and terribly frightened a young lady, Miss Agnes Gillespie, who lives near the extension of the street. The latter has a good description of the men, and it is possible that they will be run down by the police.

The actions of the men were witnessed by Miss Gillespie from the time they arrived in the vicinity until they departed. She had been out spending the evening and upon arriving at her home was unable to enter, another member of the family also being out and having mislaid the door key. While sitting on the front porch awaiting the arrival of this person, Miss Gillespie saw the two men turn the corner at Monroe street and watched their every maneuver. One of them had a pair of rubber boots in his hands, which, it is thought, they intended to use after en-

tering a residence, and when the opportunity presented he hid them near the porch of a neighboring house. They then separated and both commenced an investigation of the lay of the land. They walked upon nearly every porch in the vicinity and peered through every front window and all of the alley and side entrances.

Completing their preparations for a bold robbery they met again at the corner. They saw a man approaching at a short distance above Monroe street and both went to the opposite corner and slowly walked down the street in front of him until they reached a dark and rather secluded spot.

Meantime, Miss Gillespie, thinking they were about to hold the man up, walked toward the corner, and she states that they first asked the man for a match and then wanted to know the time. He replied that he had no watch and no money. They compelled him to prove the latter by turning his

PLACES CHANGED A SECOND TIME

The Voting of Yesterday Was Pro-
ductive of Interesting
Results.

LIVELY WEEKS ARE AHEAD

The voting of yesterday put Anderson in second place again and considerably reduced the distance between the leading candidate and the second one. There is a big batch of votes to be counted today and the result of the count may be further interesting changes. In about five weeks the contest will come to a close. The next few weeks will doubtless be busy ones for the voters and their friends. Everybody should save his coupons and "get in the game," which is certainly full of interest for all participants.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park	26,599
J. E. Anderson, Lincoln avenue	25,224
Thomas Lounds, Fourth street	24,718

WITH THE WORKMEN IN THE CLAY PLANTS

TRENTON SENSATIONS.

Trenton, N. J., June 24.—(Special.)—There is a dispute at the Glasgow pottery, which is controlled by the John Moses & Sons' company, which, if it is not settled soon, may result in tying up the operations of the plant. All the kilnmen are out and the clay hands are expected to leave their benches before the end of the week. The trouble started over the refusal of the firm to employ a journeyman dipper. The dipper employed was an apprentice and according to the rules of the Brotherhood each pottery is required to have at least one journeyman before an apprentice can be set to work.

Last week the dippers' local demanded that the firm recognize the rule governing apprentices and either discharge the apprentice or employ a journeyman. The firm refused to recognize the dippers' claim and a notice was given that a strike would be ordered. The dippers got the support of the kilnmen, who also served notice that unless the company sanctioned the demands of the dippers they would refuse to place any of the ware handled by the objectionable dipper. The men did not get a chance to quit. Last Thursday they were locked out and Saturday paid off. The firm in a statement to the press denies the claim advanced by the dippers and makes known its intention to fight the issue. The fight is still a local affair and it may be that the Brotherhood may be called in to take a hand before the end of the week.

Moses, Swann & McLewee, manufacturers of lamps and cut glass, created quite a surprise last week by filing a petition in bankruptcy and asking for the appointment of a receiver. The company's liabilities amount to \$105,776.71 and the assets, \$71,232.59. In his affidavit Walter Moses states that upon the incorporation of the company in 1899 he secured 10,000 shares of the capital stock, which he now holds. He avers that he has since advanced to the concern \$11,439 and states that he has also become liable upon the company's paper for \$33,849. Mr. Moses states that the company is indebted to others as well as himself to the extent of \$20,479.46, and that he has outstanding accommodation notes amounting to \$33,840. Notes amount-

ing to \$16,665.33 have been given by the company for merchandise in the prosecution of its business and of these amounts there have been protested notes amounting to \$5,533.76. It is alleged that there is due to various creditors on open accounts, \$5,222.93, and that the plant is mortgaged for \$16,500. The company's resources consist chiefly of accounts receivable amounting to \$9,884.91; bills receivable, \$1,825; stock on hand, \$14,651.93; machinery, \$11,823.75. It is claimed that the concern is insolvent and has been forced to suspend business for want of funds, and that suits have been instituted and that it has been unable to meet its obligations for some time.

gress, and each and every one of them is of vital interest to some trade, some idea of the magnitude of the undertaking can be obtained. It will probably be at least 10 days before anything is known as to the decision of the conference committees, and in the meantime no one except those on the very inside will have any idea as to the progress being made. The best posted men in the trade insist that there will be no trouble, and have the very best reasons for the opinion. They assert there are enough conservative men in the Brotherhood to prevent any hasty action.

NEW POTTERY ALMOST DONE.

The new pottery just now being completed by the Cameron (W. Va.) Pottery company, is expected to be in full operation within a few weeks, and will then employ 300 people. Already a large number of mould makers are at work getting ready for the start. It will start with six kilns, but expects to increase this capacity as the business becomes established. The same company has decided to erect another plant on the east side of the town within a year.

OF INTEREST TO THE TRADE.

Samuel Bateman, dealing in furniture and crockery, Chicago, has sold out.

Cordts & Delehey, Hoboken, N. J., have been succeeded by Charles J. Delehey.

VICTORY WON

BY THE WABASH

RIGHTS OF WAY GAINED AFTER MUCH CONTENTION.

Decision in a Steubenville Court Allows It to Occupy Pennsylvania Property.

Steubenville, June 24.—The Wabash has won a signal victory over the Pennsylvania in its desire for extension up the river. With one exception, it has been given the right to travel along the river front from the LaBelle iron works, at the lower end of the city, to Island Creek township. Of course it already had the right to build its line above that point, so that now the way is almost clear.

The most signal victory for the Wabash was the fact that it is the Pennsylvania company's property on which it has been given privilege to build, for it was its strenuous rival's ground that sought and succeeded in appropriating. Then too, it is the first time in Ohio that one railroad has appropriated another railroad's property to its own use. For this reason Judge Frank H. Kerr, of the probate court, had no precedent to follow in such cases in Ohio, but there were instances of the kind in several other states, of such proceedings.

For several months the case has been in the probate court and for many days the lawyers for the two great corporations fought the case across the table, with such prominent men as the president of the Wheeling

PEOPLE WHO CAN'T SLEEP

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncorrected for is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. M. C. Murchland, of Commerce street, Wellsville, O., says: "Dr. A. W. Chase's Nerve Pills in my case proved themselves an excellent nerve and general tonic. I was run down, nervous and not sleeping well. The medicine, however, gave me bodily strength, nerve steadiness and restful sleep, consequently I feel I can't recommend it too highly to others who suffer in a like manner."

& Lake Erie and superintendent of the Pennsylvania lines, together with many officials present to offer their testimony. The Pennsylvania company was on the defensive as the starting point at the lower end of the city was at the LaBelle, where the new road would connect with the Wheeling & Lake Erie and continue along the river instead of turning westward to come into the heart of the city. To get this start would be injurious to the Pennsylvania company's efforts to keep the Wabash from going up the river so it fought the harder as the trial progressed. But the Wabash got all it asked with one exception, and it will build its line on the C. & P. property along the river front in Steubenville and at Alikanna and points above.

The exception is the Turnbull property from Logan street to Hartje's paper mill, against which the Wabash filed condemnation proceedings, but which was sold to the Pennsylvania company later at the enormous figure of \$1,000. Before the Wabash wanted to extend up the river, the property couldn't be given away.

CANCEROUS ULCERS ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

The city council has taken a hand in the regulation of gas rates. That body does not propose to leave the gas monopoly free to establish iniquitous prices and has acted with commendable promptness. To both laymen and lawyers it appears that council has acted quite within its rights and strictly in accordance with the laws of the state. It is quite probable that a legal est will be made of the ordinance passed, for a powerful corporation like the Manufacturers' Gas company, having started a plan to take thousands of dollars from the pockets of the people to put it in its own coffers, does not ordinarily submit to dictation. But the city has right and justice upon its side and the upper hand in the fight. Backed by the law and unanimous public sentiment council has taken a

prompt, firm stand and will not recede from its position unless forced to do so. The octopus will writhe and wriggle under the blow, but unless there are loopholes in a law that is very plain and explicit in its terms, its struggles will be in vain.

In the record-breaking immigration of the current year the newcomers from Austria, Russia and Italy have been in such great excess over all others that they have almost monopolized attention. It is nevertheless true that immigration from other lands is increasing at an even higher ratio than from these. The dispatch from Copenhagen stating that twice as many Danes started for the United States in May this year as in May a year ago is only one indication of this fact.

Since Memorial day, May 30, twelve boys have died in Pittsburgh of lockjaw, resulting from the use of toy pistols that day. The Fourth of July is approaching and parents who do not wish to run the risk of lockjaw with their boys will do well to interdict the use of pistols, especially those which use cartridges containing the fulminate of mercury, which is believed to have caused that disease in the cases at Pittsburgh.

"In time of peace prepare for war." Uncle Sam evidently has that maxim in mind. All of our gun factories are working full time, and the Watervliet arsenal is making 50 modern three-inch field guns. Besides these the government has contracted with German makers for a considerable number of the latter. The army is to be equipped at once with that new field artillery.

At last one of the proposed cross-county electric railroads has reached the construction stage. Nobody is protesting and Lisbon is rejoicing. East Liverpool's turn will come in time.

OBITUARY

Mrs. Lawrence Van Fossen.

Mrs. Lawrence Van Fossen, 36 years of age, died at 10 a. m. yesterday, at her home on Norton street. She was born in Fairview, Beaver county, and had been a resident of East Liverpool for the past 12 years. She was a member of the U. P. church. Mrs. Van Fossen is survived by her husband and three children, and by three brothers and four sisters. The funeral will take place from the home of her father, J. F. Herron, 107 Wall street, tomorrow at 11 a. m., in charge of Rev. Dr. J. C. Taggart. Interment at Salem cemetery, Black Hawk, Pa.

Death of an Infant.

The infant son of Mr. and Mrs. C. E. Jones, of Bradshaw avenue, died this morning at 2 o'clock. The child was but a few days old and was interred in Riverview cemetery at 3 o'clock this afternoon.

EPWORTH LEAGUE

Program for the Convention to Be Held at Salineville Today.

The program for the Epworth League convention of the First M. E. church, which will be held at Salineville today, promises to be very interesting to a number of those who intend to be present. The program follows:

Forenoon—Address, 10 a. m., "The Epworth League—A Training School," Dr. M. B. Pratt.

Afternoon—General topic, "The Field in Steubenville District;" "Organization," Rev. C. E. Manchester; "Evangelistic Work," Rev. J. O. Davidson; "Correspondence," Phoebe Hart; "The Use of Printer's Ink," Rev. G. W. Orcutt; solo, Miss Maggie Yingst; "Primary Work," Mrs. J. B. Elliott; Evening address, Rev. J. C. Floyd, D. D., of Michigan.

At the conclusion of the day's program a special train will convey the guests back to the city.

The convention opened last evening with a praise service conducted by Rev. Dr. S. P. Lloyd. The address of welcome was delivered by Miss Gertrude McGillivray, of Salineville, in behalf of the Salineville league. The response was by J. L. Fisher, of Steubenville, in behalf of the visitors. He spoke encouragingly of the work that the society is doing. Rev. Charles Bayard Mitchell, D. D., of the First Methodist church, Cleveland, spoke eloquently of the great assistance which the league is to the church.

Fully 100 church workers and Epworth Leaguers of the First M. E. and First M. P. churches left this morning on the 7:53 train for the convention. The more important matters for consideration were before the convention today. The program will be especially interesting to the active and enthusiastic members of the League.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful!"

Detroit Paper Prints Story Regarding Third Assistant Postmaster General.

MADDEN WANTS INVESTIGATION

Accused of Letting Contract Without Permitting Competition—Postmaster General Asked to Probe Story and Its Source.

Detroit, June 24.—Third Assistant Postmaster General Edward C. Madden, who is visiting in this city, sent a letter to Postmaster General Payne denying that he let a contract for carbon paper for the registry division of the postoffice without permitting competition, and asking the postmaster general to immediately investigate the story and its source. The letter is as follows:

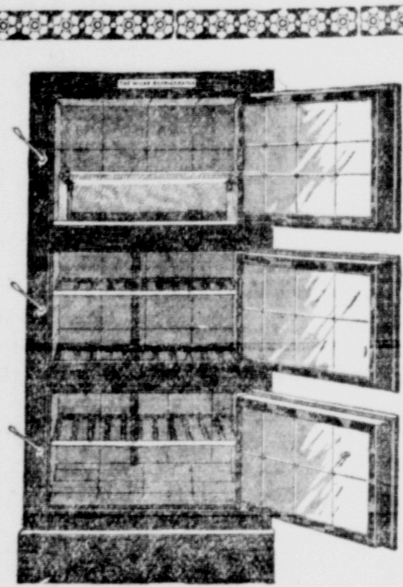

"The Free Press, of this city, tells its readers in an article with scare headlines that Third Assistant Postmaster General Madden is to be investigated. It alleges that I drew specifications of contract for supplying the department with carbon paper and that they were so framed as to allow no competition. The article makes Mr. Wynne say that he merely approved as a routine matter. It gives the impression that the contract is one over which the third assistant has control, and there is a broad inference that you consider the transaction corrupt.

"The whole statement in so far as it attempts to involve me is absolutely false. I had nothing to do with the details of the contract; I drew no specifications; I did not initial; I did not sign; in fact, I never saw the contract, if there is one. My sole interest and connection with the subject is limited to an expression of approval of the particular carbon paper in question, by its labor-saving and in other ways a great improvement over the old style manifold process, and much better serves the needs of the postal service; and this approval was not given until after an investigation and recommendation to me by my superintendent of registry system and a recommendation by the superintendent of division of postoffice supplies of the first assistant's office.

"The contract—if there be one—was both drawn and let by the office of first assistant postmaster general, and with it I had absolutely nothing to do except as before stated. If the statements printed were given the Free Press correspondent from the office of the first or the fourth assistant postmaster general they misrepresent the facts, and the publication thereof, especially in my home city, is calculated to put me in a bad light before the people with whom I have lived for upward of 40 years and where I have earned what reputation I have. It is malicious, cruel and without the slightest justification.

"I know you too well to believe that you will sanction this attempt to involve and besmirch me unjustly, and I beg you, not only as man to man, but as a consideration due my office, to at once institute an investigation and do what you can to ascertain whether they are purely an invention of the writer. I ask that the publication of the facts be not tardy."

A BOY EXCURSIONIST UTTERLY DISAPPEARED

William Hughes, of Pittsburg, Not Seen After He Boarded the Picnic Train.

William Hughes, who came here with the O'Hara school picnic from Pittsburg yesterday, is lost. After he boarded the train at the latter city yesterday morning he was not seen by any of his friends, and has disappeared as completely as though the earth had swallowed him.

James Hughes, a step-brother of the boy, called at the mayor's office this morning to inquire if anyone answering his description had been arrested, but upon being permitted to go to the jail and look over the prisoners, stated he was not there. The brother had remained over night in order to renew the search, and learning in some manner that a number of the excursionists had been arrested, thought he might be among them.

The missing boy is 17 years of age, and had not been accustomed to traveling by himself. His friends are greatly worried at his absence and fear he may have met with foul play or an accident. He had considerable money with him.

PLANS LAID BY TWO MEN TO LOOT SEVERAL HOUSES

Continued from First Page.

pockets inside out. He was then ordered to move and keep his mouth shut. Only too glad to get out of their clutches, he acted immediately upon their advice. The daring couple then started back across the street and seeing Miss Gillespie ran after her for a short distance. She succeeded in reaching home and the thugs stopped before getting very close to her. In terror the young lady stood at her porch, thinking the men were making ready to approach her again. They, however, turned on their heels, knowing that their plans had been spoiled for further attempts at robbery, retreated to the porch, where they had left the boots, picked them up and left the vicinity.

Miss Gillespie describes the men as being dressed in dark clothing. One of them was rather small in stature. Both had the marks of dissipation on their faces and wore black derby hats. She could not get a good look at the man that was held up, but says he was of slender build and that he went toward the railroad tracks when he left.

A PLEASING BILL

Being Presented to Large Crowds at Rock Springs Theater This Week.

The strong vaudeville bill which Manager Strauss has selected for the attraction at Rock Springs theater this week is attracting large crowds, not only at the evening performances, but at every matinee. Hawkins & Harris are a strong team of comedians, and their turn is entirely new and original.

Miss Gladys Van, who has made such an impression with the East Liverpool music lovers, is a soloist of talent. Her voice is one of rare beauty and shows cultivation in every tone.

Mr. and Mrs. Harry Thorne head the sketch team, and their work is meritorious. Their extremely funny sketch, "An Uptown Flat," has pleased the audiences beyond measure.

Eddie Doyle, the juggler, is an old-time favorite with East Liverpool people, while Dave Nowlin, the celebrated monologist, never fails to bring down the house.

SHOT IN THE HAND

Southside Boy Injured While Handling a Loaded Shot Gun.

Burgess Allison, the 15-year-old son of Margaret Allison, living on the Fairview road, was accidentally shot by the discharge of a shot gun which was carried in the bed of the wagon in which he and Oscar Hobbs were making a trip to Fairview. On arriving at Fairview the boy attempted to take the weapon from the wagon and the trigger catching on the seat discharged it, tearing away the fleshy part of his left hand.

The wound was dressed by a physician and is likely to lay the boy up for at least two months.

CONTRACTS LET

For the Drilling of Test Wells For Chester Oil & Gas Company.

A meeting of the Chester Oil & Gas company was held last night and the contract for the drilling of three wells was awarded John D. Stewart & Sons. They will commence operations the first part of next week. A committee was also appointed for the purpose of locating the wells. Twenty-five of the thirty shares of stock have been disposed of.

The members of the company are expecting good results as the drilling is to be done in territory that has never been developed.

WITH A BROKEN LEG

Injured Foreigner Walked About In Search of Medical Aid.

Carlo Vespucci, an employee of the Marquette Coal company at Congo, met with a serious accident yesterday and is thought to have received internal injuries that may prove fatal. He was cook and interpreter. He fell from the coal tippie, a considerable height, and broke his right leg above the knee. In his weakened condition he started out to obtain medical attention with the broken bone protruding. His condition is now serious.

Death of J. M. Jackson, Jr.

R. S. Brown, superintendent of the East Liverpool bridge, received a telegram this morning informing him of the sudden death through heart disease of J. M. Jackson, Jr., president of the Citizens Trust and Guaranty company, of Parkersburg, receivers of the bridge. Mr. Jackson was a son of U. S. Judge Jackson and about 50 years of age. He had a large circle of friends in Hancock county. Mr. Brown will probably attend the funeral.

Big Picnic Today. The pupils of the Ralston school,

of Pittsburg, and their friends are enjoying themselves at Rock Springs park today. The party was brought to the park on three trains and numbered over 2,000.

CHESTER NOTES.

John Shrader was a Pittsburg visitor today.

Hugh Leeper, of Hookstown, was a Chester business visitor today.

W. H. Beebout, of New Cumberland, was in Chester today on business.

John Hendricks is the guest of Mrs. Elisha Haught, of Fairview avenue.

Frank Rambo has moved from Lawrenceville to a house on Pau avenue.

Frank Carson, of Fairview, has returned home after visiting Chester friends.

Henry Riley has returned from New Cumberland, where he had been on business.

Ex-Sheriff Wilkins, of New Cumberland, was in Chester today collecting delinquent taxes.

Neil Wylie and Charles Cunningham have taken positions at a new mill near Shippingport.

Mrs. Mary E. Skinner will leave tomorrow on a visit to her former home at Coshocton.

The mason work was commenced this morning on the business block of W. E. Poole on Carolina avenue.

Justice A. G. Pugh has added another to his insurance companies, the New York underwriters of Hartford being the one.

The two remaining prisoners left over from the Carnegie picnic, who were unable to pay their fines, were released last night.

The lawn fete which was to have been given by the ladies of the M. E. church last night, was postponed on account of the weather.

Joseph Metz has commenced moving his house from the Cunningham road on which it stood five feet. The moving was done by a request of Chester council recently.

New Method of Suicide.

New York, June 24.—Archibald Morrison, a silk salesman, committed suicide in a novel way from the Brooklyn bridge. He climbed the platform railing south of the Brooklyn tower, jumped on top of a train bound for Brooklyn, fell off the last car, struck the third rail, was flung across the track, fell through the ties and landed on Front street, more than 100 feet below, a mangled corpse. A passenger on the rear platform of the last car of the train saw him jump and yelled. As Morrison jumped part of the car ran under a bar crossing the trestle work and he was hit by it. It swept him off the car, landing him on the third rail. He was probably dead before he fell to the street.

Strike Situation Alarming.

Richmond, Va., June 24.—Governor Montagu ordered the Tenth regiment, the Richmond Blues battalion and the Richmond Howitzers, an artillery company, on duty to aid in maintaining order against the street car strikers and their sympathizers. The Seventieth regiment is also to report. Five of its companies are in Richmond. The other seven will come from Danville, Farmville, Charlottesville, Staunton, Lynchburg, Alexandria and Roanoke. There has been much rioting as a result of the strike and the situation is ugly. No cars are being run.

Paper Mills Strike.

Sandy Hill, N. Y., June 24.—The strike in the International Paper company mill at Fort Edward may involve mills in Glens Falls, Maine and Vermont. One hundred laborers demanded an increase in wages. This was refused and a notice posted that the mill would close immediately unless the men returned. It is expected the employees in other mills will go out. The men employed inside the mills of the Union Bag and Paper company here demanded increased pay, and the same demand was made of the Allen Brothers company's wall paper mill.

Libel Bill Denounced.

Atlantic City, June 24.—The international league of press clubs, which is in session here, denounced the Salus-Grady libel law of Pennsylvania. Resolutions introduced by E. A. McSwiggan, of Pittsburg, attacking the law, were adopted by a unanimous vote. They called upon all newspaper men to work for the repeal of the act. St. Louis and Salt Lake want the next convention.

HEALTH BOARD DID BUSINESS

Took Steps to Remedy Alleged Nuisances in Tanyard Run District.

RULES FOR MILK DEALERS

Offered and Adopted, a Permit Being Required For All—Health Officer Has Full Power to Deal With Complaints of Nuisances.

In the few weeks that the board of health has been operating under the new municipal code more actual benefit and permanent good has been done along the line of public health than in a year under the old regulations.

The board as it now operates is not handicapped by the whims and fancies of a prejudiced and tardy sewer commission, but has a live service board to deal with, and the outcome of last night's meeting of the health board will prove this beyond the question of a doubt. Clerk J. T. Herbert was notified at the last meeting of the board to ascertain whether or not the board of public service would construct a sanitary sewer in the vicinity of Avondale street, and along Tanyard run to the river. In answer to the request the following communication was received:

June 13, 1903.

"The Board of Health:

"Dear Sirs—We recommend your sanitary police officer investigate and report all persons connected to the storm sewer for sanitary purpose. Also that he investigate on Avondale street the sewer placed there for the drainage of the coal banks and surface water, find out who is connected to the sewer for sanitary purpose. Avondale street has a sanitary sewer and a drainage sewer. Complaint comes to us that the drainage sewer has become a nuisance, flooding cellars with filth. We will be glad to help abate the nuisance.

"Respectfully,

"BOARD OF PUBLIC SERVICE,

"J. W. Gipner, Sec."

The communication was received and the request will be complied with at once. Sanitary Policeman Burgess stated that he would start on the work the first thing this morning and was sure he could have it fully completed by Saturday. He will begin as far down as West Seventh street, and from there up Tanyard run to Spring street, taking in Grant and Avondale. When he has completed the task the board will have a complete list of all property owners who have hitched onto the storm water sewer for sanitary purposes. The list will be turned over to Dr. Ogden, and will be presented in an official way to the board of public service. If the present intentions of the latter are carried out, the city, or that portion of it which lies in the vicinity of Tanyard run, will be relieved of an annoyance which has been contended with for years, and one with which the council has wrestled on many occasions.

There were but three members of the board present, Messrs. Harris, Haines and Andrews. All acted favorably upon the question.

Action was not taken to regulate the sale of milk.

First—No person shall bring or send into the city for sale, or sell, or offer for sale, any milk without a written permit to do so from the board of health, which shall grant permits to all applicants on condition that they faithfully observe the laws, ordinances and rules for dealing in milk.

Second—Any permit so granted may be revoked by the board of health by written notice, when it shall appear that the party to whom such a permit has been granted, has violated any law of the state or ordinance of the city of East Liverpool, or rule of the board of health, relating to dealing in milk.

Third—Said permits shall be dated January 1 and July 1, of the year in which they are issued and shall be good for a period of six months from their date. The fee for issuing each certificate shall be fifty cents.

Fourth—Before obtaining such permit the applicant shall state to the board of health or its agent:

1. His name and place of business.
2. The number of cows, if any, owned by him.
3. The name and place of business of any and all persons from whom he purchases milk.
4. Naming amount of milk purchased and the daily amount of milk sold by him, as near as he can estimate the same. The clerk of the board of health shall keep a record of such statement for public inspection.
5. Any person violating any of the foregoing rules and regulations shall upon conviction, be fined in any sum not more than twenty-five dollars (\$25.00) and cost of prosecution, and said rules shall take effect from and

after their passage and legal publication.

The above resolution was unanimously adopted, and the clerk will be ready to issue licenses as soon as the resolution has had its legal publication.

Clerk Herbert, with the city solicitor, has prepared a blank form to be used in cases where it is the desire of the board to abate a nuisance. These notices state that in the opinion of the board the point complained of is a public nuisance and must be abated within a certain length of time. If the terms of the notification are not complied with prosecutions will follow; or if the board sees fit to do so the work will be done by it and the cost charged to the property on the general tax duplicate. It was found necessary to send out a number of these notices last night. One was ordered forwarded to the Burford Bros. Pottery company, one to Robert Burford and another to J. H. Brookes. In each case the time given was five days, as all were deemed urgent. The Burford property complained of in both instances is situated at and near the pottery on the Horn switch, while that of Mr. Brookes lies in the vicinity of College street. A drainage sewer is very badly needed at a property of J. H. Brookes on Third street. He will be notified to attend to the matter without delay.

Mr. Haines wanted to know if the health officer did not have the power to go ahead with many of the urgent matters that come before the board without waiting for a regular meeting or calling a special one. He was informed that so long as the nuisance or complaint came in a proper form and the abating of the same did not involve the expenditure of money, the health officer had full jurisdiction. Dr. Ogden stated he would look closely into every complaint laid before him.

The garbage question, that every member of the board has come to look upon as a bugaboo, was mentioned, but immediately dropped. It was the opinion of the members that the board of public service had the question in hand, and as they had no information, in an official way, that the service board intended to turn it over to the health department, the latter did not propose to worry over it.

At the conclusion of the business meeting, and before the board adjourned, an informal talk was indulged in by the members. Many matters of importance were discussed, indicating that the health board, during the coming year, would be a live body.

DETECTIVE MURDERED BY NEGRO

William E. Murphy Loses Life Trying to Arrest Desperado—Threats of Lynching.

Peoria, Ill., June 24.—Detective William E. Murphy was killed by "Billy" McRay, a negro desperado whom he was attempting to arrest. Murphy approached the negro and informed him that he was under arrest. Without a moment's warning McRay shot the officer in the breast. He then attempted to make his escape, but was caught by Detective Chadwick. Murphy was taken to the hospital, where he died within 20 minutes of the time he received the wound.

McRay was hurried to the city jail and in less than an hour a mob numbering at least 1,000 men and boys had assembled and made a demand on the chief of police for the prisoner. The chief refused to surrender him.

With the hope of attracting the attention of the mob the fire department was called out and made a run past the jail. The ruse partially succeeded. In the meantime the chief had ordered all the electric lights in the city put out and in the darkness McRay was taken hurriedly to the county jail. In a short time the mob discovered that it had been deceived and formed in front of the county jail. The entire police force of the city was called out in order to guard the jail.

Shortly before 1 o'clock this morning the mob surrounding the jail began to disperse, awed by the determined attitude of Sheriff Potter, who stationed a dozen deputies and police in front of the jail armed with revolvers and Winchester rifles. They were instructed to fire upon the mob should any attempt to enter the jail be made. Inside the building 20 police were stationed. While the mob still clamored for the negro, it is evident that it lacks a leader, and the authorities are confident that they will be able to cope with the situation.

Negro Found Hanging in Swamp. Cleveland, Miss., June 24.—The body of George Kincaid, a negro who seriously wounded John Brock and George Stokley five years ago, has been found hanging in the swamps. A mob gathered at Ruleville Saturday to lynch the negro, who was spirited away to this place by a deputy sheriff. A man named Jackson presented an order signed by another deputy sheriff for the delivery of the prisoner. Kincaid was then given up and taken away. The discovery of his body in the swamp followed.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains.

"Life looks dark indeed when a woman feels that her strength is sapping away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life, it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."—Mrs. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.—"\$5000 forfeit if original of above letter proving genuineness cannot be produced."

THE PRESIDENT

Of the City Council, Wilkesbarre, Pa., Cured of Rheumatism.

Col. Wm. J. Harvey, a president of Wilkesbarre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. A friend had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to Col. Harvey and he is to-day a well man, hale and hearty. He writes straight to the point:

DE. DAVID KENNEDY,
Dear Sir—This is to certify that I was permanently cured of rheumatism by the use of Dr. David Kennedy's Favorite Remedy.

WM. J. HARVEY.

Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Cure your kidneys and the rheumatism disappears. For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottles—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

WRONG WAY AROUND

"Curt" Welch's Homer Didn't Count Because He Circled to the Right

Peter R. Fahey, of Cleveland, tells this excellent story about Curt Welch: "Curt," as is well known, was one of the 'scrappiest' players that ever went on a field, a fact largely due to his uncontrollable temper. At the slightest taunting from the bleachers he would get beside himself with rage, often to the sorrow of his team-mates.

"In a game between Baltimore and St. Louis, which I witnessed, the score stood 1 to 1, in the 12th inning, with Welch at the bat, and two out. 'Hit it over the fence, you big lobster; you can't do it,' yelled a chorus of voices from the sunny side of the seats, and Welch was so enraged that the hair stood straight on his head, and the flush in his cheeks told how mad he was. Two bad ones that were called strikes tended only to further his rage. When the third ball was pitched he landed on it, and it went over the fence straight down through center field. Welch tore around the bases like a mad man, and as he crossed the plate the umpire yelled, 'You're out.' Welch had run the bases the wrong way, going to third first, and completing the circuit without discovering his error, so blind was he with rage."

SPORTING MISCELLANY. The Y. M. C. A. club, through G. Y. Travis, booking agent, has written Frank Bancroft in Cincinnati, asking for a visit from the Reds.

Christy Mathewson and Napoleon Lajoie have both received offers to travel with Cleveland's minstrels next season as monologist and interlocutor respectively.

The American Henley, of Philadelphia, has followed the example of the Royal Henley Regatta association of England and turned down Charles S. Titus, the American amateur champion oarsman.

James O'Leary, of Chicago, king of the western betting world and the maker of the largest book on the American derby, was richer by \$439,690 as a result of the American derby on Saturday.

There will be no consolidation of the National and American base ball leagues. "The National league," said President Pulliam, "will begin the season of 1904 with the same circuit as now obtains."

Despite the fact that the battle is about two months away, Jim Corbett has already started in training at Croll's garden in Alameda, Cal., for his fight with Jeffries. Eddie Hanlon is working at the same place for his match with Benny Yanger.

Harvard Beats Yale. New Haven, June 24.—Yale lost the annual commencement game to Harvard. The game was long drawn out and during the first six innings the rain fell heavily. The diamond was a mud puddle and at the base lines the players slipped and slid until they were covered with mud.

Score: Harvard.....10100000-10 9 4 Yale.....102010011-3 5 5 Colburn and R. Keenan; Patton, Bowman and Winslow. Attendance, 4,000.

Ohio Company Increases Capital Stock. Columbus, O., June 24.—The Sciota Valley Traction company increased its capital stock from \$1,000,000 to \$3,000,000. The company is pushing construction of its lines from Columbus to Chillicothe and from Columbus to Lancaster, and expects to have the former in operation by fall.

JOURNALISM'S IMPORTANT WORK IN CURING CONSUMPTION

Professor Hoff's Scientific Achievement Made of Practical Benefit by the American Press---Over One Thousand Cures Since Frederick Hammann's Test.

If American journalism never added another glory to its achievements, the saving of thousands of lives from consumption's grasp would mark its work as well done. The work of the journalism that acts instead of theorizes does not end when the task seems accomplished. The effect goes on and on.

When Frederick Hammann's case was taken up by the New York American and Journal, owned by Hon. W. H. Hearst, as a result of the newspaper publicity given the cures of consumption accomplished by Professor Adolf Hoff in Vienna, it was a test for the future guidance of humanity.

NEWSPAPER TEST PROVED IT.

The test was most successful. Hammann was positively cured of consumption. The reports of such eminent physicians as Dr. Henry P. Loomis, Dr. J. Mount Bleyer, Dr. Daniel Cook, Dr. Carlton Simon, five physicians of the Vanderbilt Clinic, and the bacteriological experts of the New York Health Department, as well as the examining physicians of the New York Life Insurance company, proved it.

This enterprising act on the part of the New York American and Journal gave unimpeachable force to the fact that consumption could be and should be cured wherever found.

Professor Hoff is a graduate of the same University with Dr. Lorenz, who was brought to America by Mr. Armour, of Chicago, to cure his little daughter of hip disease at the very time when Professor Hoff's medicine had established its high reputation for the cure of consumption.

Dr. Lorenz lectured to physicians in every one of the American cities where he operated, telling them: "You can do this same thing. Follow my example for the sake of humanity." The American press aided him with wide publicity.

Professor Hoff sent his message to America when Hammann returned cured, telling American physicians: "Use this same medicine for the sake of humanity. Patients may just as well take it at home---nay, better, for home is the best place for a consumptive to be cured."

Neither of these great scientists desired to hold his valuable secret close in order to reap the immense fortune he could have derived from it.

THE AMERICAN PRESS AIDED PROF. HOFF.

It printed great news stories of the cure of Hammann. That the guidance offered has been accepted in the good faith it deserved is plain. Thousands of men and women sick with the hopeless disease, abandoned as Hammann had been abandoned by the clinics, have been cured. Tens of thousands more are now being cured by the efforts of the American Bureau of the Professor Hoff Cure.

All the theorizing on the prevention of consumption ever indulged in has not accomplished the results that have followed the publicity given Professor Hoff's discovery.

It has been made easy, because the AMERICAN BUREAU OF THE PROFESSOR HOFF CURE HAS BEEN ESTABLISHED FOR THE PURPOSE OF FURNISHING THE NOW CELEBRATED MEDICINE, correctly and painstakingly compounded, AT AN NEAR THE COST OF MAKING AS POSSIBLE.

This was found absolutely necessary because of the errors being made by those who did not have the necessary drugs, or who were not prepared to put them through the process required.

Because of SUBSTITUTIONS and ATTEMPTS to make a PROPRIETARY MEDICINE of the prescription, the accompanying TRIANGULAR TRADE MARK was adopted to prevent sufferers and their friends from deception.

HAMMANN IN THE AMERICAN BUREAU.

Frederick Hammann is connected with the American Bureau, as a further protection, and personally replies to all inquiries from those desiring to take the same treatment that cured him.

His own case has been as desperate as that of any of the unfortunates who write him of visit him, and the encouragement which he deems it his privilege to give is a godsend. It materially assists in the widespread work of the Bureau.

Public Statement by Frederick Hammann.

I wish to inform the public that an alleged drug company, which is exploiting a medicine not authorized by the American Bureau of the Prof. Hoff Cure, has appropriated my name and my letters to the public. This alleged drug company has also appropriated other testimonials written to the American Bureau, and has used these testimonials in such a manner as to lead sufferers to believe that the writer had found relief by taking the imitation medicine.

The alleged remedy sold under combined names such as Smith-Hoff Cure, Jones-Hoff Cure, etc., is not the same medicine as that used by Prof. Hoff in his Vienna clinics. The genuine remedy as distributed by the American Bureau is the only Prof. Hoff Cure I recommend. Rather than begin with the wrong medicine and be disappointed it is better not to begin at all.

As an evidence of the lack of principle of some of these unscrupulous imitators, I wish to state that only recently an announcement made by the American Bureau, with which I am connected, was appropriated almost in its entirety and used in a misleading way, even to the extent of using my name, thereby giving the impression that I am connected with that imitation concern. Since my return from Vienna I have been connected solely with that the American Bureau, where I am now answering letters daily from scores of patients in various parts of the country.

Several imitations of the genuine Prof. Hoff Cure have been sent to me with letters of complaint accompanying them. These on analysis proved to be not only substitutes for the genuine, but in many cases actually dangerous. For the protection of the sufferer it has been found necessary to register at Washington the triangular trade mark of the American Bureau of the Prof. Hoff Cure. I warn the public to accept no remedy unless bearing this triangular trade mark.

I will mail to any interested party a reprint containing an extract of the testimony given in a recent court proceeding.

(Signed)

FREDERICK HAMMANN,
AMERICAN BUREAU OF PROF. HOFF'S CURE,
Third Avenue and Tenth Street, New York City.

In dealing with the famous Hoff prescription, get this trade mark fixed in your mind.

It will save you Trouble

Newspaper publicity given the Professor Hoff achievement, and since then to the great campaign being carried on by the American Bureau, has disposed of all the "fad" cures.

Crescent mixtures, emulsions of cod liver oil, gold and copper "cures"--all of them fanciful, and many of them ruinous to the stomach without having the slightest lasting effect on the disease--went down before the first scientific prescription, written by one of the greatest doctors in the world, which proved itself the long expected scientific remedy for consumption.

INDORSED BY MILES DOUGHERTY
Well-known Official of the Mine Workers' Union Recommends Prof. Hoff's Cure.

A case that will interest the country generally, and especially men engaged in the mining industry, is given to the American Bureau by Miles Dougherty, who, as a general officer of the United Mine Workers of America, is well and favorably known to thousands of persons in all parts of the country.

Mines, iron workers and factory workers generally, are more than ordinarily subject to the ravages of consumption from the very nature of their work. Mr. Dougherty tried the Hoff Cure for his son, and its effect was seen from this letter, as well as what it is doing for him, who is gaining in weight since he started to take the medicine. He has a wonderful appetite, and is now a great eater. His complexion and general appearance are very much improved.

About my minor friend, I might say that he has made a change the medicine he has made in him for the better. Before getting the medicine he intended to lay off on account of sickness, but the medicine has helped so much that he has been able to continue at work.

With compliments of the season, yours truly, MILES DOUGHERTY, General Officer, United Mine Workers of America, Shamokin, Pa.

PHYSICIANS REALIZE

That Prof. Hoff's Is the Only Remedy Offering Certain Relief to Consumptives.

Physicians all over the country are realizing that the genuine Prof. Hoff Cure is the only known remedy that will offer certain relief to consumptives.

Gentlemen--Some few months ago I ordered several bottles of your Professor Hoff's Consumption Cure to try in a case of advanced consumption.

I have been more than pleased with its results. Please forward me another bottle without delay, as I cannot afford to let the patient be without the medicine for one day. Enclosed find draft for same.

J. M. EIDER, M. D., Mineral Ridge, Ohio.

Marvelous results in last stage.

Gentlemen--Enclosed you will please find \$1. for which kindly send me another bottle of Prof. Hoff's Consumption Cure. It is VERY SATISFACTORY SO FAR. I AM USING IT ON A CASE IN THE LAST STAGE OF THE DISEASE. ITS RESULTS ARE MARVELLOUS. When I did not expect a cure, the effect of the remedy is very marked on the general condition of the patient.

DAVID RUSSELL, M. D., Merrill, Wis.

Physicians are chary, indeed, about recommending other doctors' medicines. The knowledge that Prof. Hoff's Cure is not a patent medicine, and since Prof. Brouardel, the French medical savant, said it was the duty of all physicians to tell patients that consumption is curable, they are freely doing so and prescribing Hoff's Cure.

PASSING IT ALONG TO OTHERS

Co-operation of the Heartiest Kind Wiping Out Consumption.

There must be co-operation of the heartiest kind, and it is a great national result, in wiping out of the consumption scourge that is aimed at by Professor Hoff and the American Bureau of the Professor Hoff Cure.

Women are organizing church clubs and circles for the cure of consumption. Earnest individuals everywhere are using their time and energy to spread the work of the Hoff Cure.

Patients who have themselves been rescued from death are ceaseless in their vigilance to help others.

Read this letter from a true philanthropist:

American Bureau, Prof. Hoff's Cure for Consumption, New York.

Gentlemen--The Professor Hoff's medicine was received in due time. I am not using the medicine myself, but am SUPPLYING IT TO THE NEEDY FOR THE SAKE OF HUMANITY. Although I must make my living by mining, I am doing my best to get it into the hands of the consumptive poor. Yours respectfully, G. W. MAHLER, Ray, Ill.

Here is a woman who is saving lives--a woman who believes in deeds, not words: Dear Sirs--Please send me at once two bottles of Professor Hoff's Cure for Consumption.

I am not using all this medicine myself. Indeed, I only take the Cure occasionally. I have been "passing it along" to those who have helped so much that he has been able to continue at work.

A week ago Saturday my attention was called to a young man passing the house. He was losing flesh, hollow-eyed, coughed, and had grown so weak that during the day he would fall asleep at his work, exhausted.

His friends and himself were "blue." I told him of what the medicine had done for me, and gave him a part of my bottle. Last Saturday he stopped to have me order a bottle for him. "It's all right," he said. "He did look better." That during the day he would write all over their faces. I have two other patients who have taken a course of life. ALICE RIDGEN, Ottawa, Ill.

This Bloomington printer's experience is told in plain, straightforward words:

Over three years ago it was conceded by my physicians and relatives and friends that I must die with consumption. A trip to California and every remedy I could buy seemed to do no good. Three times I have been so weak I could not leave the house without the aid of a cane.

I saw Hammann's case in the Chicago American. Enclosed you will please find \$1. for which kindly send me another bottle of Prof. Hoff's Consumption Cure. It is VERY SATISFACTORY SO FAR. I AM USING IT ON A CASE IN THE LAST STAGE OF THE DISEASE. ITS RESULTS ARE MARVELLOUS. When I did not expect a cure, the effect of the remedy is very marked on the general condition of the patient.

Reception Prepared for Roosevelt.

Oyster Bay, L. I., June 24--Final arrangements for the reception of President Roosevelt on his home coming on Saturday have been completed. The most important feature of the welcome will be the unveiling of the Civil war gun trophy by the president and the parade of the school children. Each child will be provided with a small American flag and just before the gun is unveiled they will sing a new national hymn entitled "God Save the President."

No Intention of Resigning.

New York, June 24--A statement was given out as coming from C. M. Schwab that he has no intention of resigning the presidency of the United States Steel corporation. It was added that Mr. Schwab was in excellent health and was at the steel corporation's offices daily.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken, many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while Dr. Witt's Little Early Risers do their work well and easy. Sold by Alvin H. Bulger.

Mormon, now handle the remedy here, but all the local advertising it has had it got from me. All the booklets and wrappers I have had have been given away to people who wanted to know what kind of medicine I was taking. While, as I said before, I do not claim to be well, I am able to make 2.50 per day at my trade, typetting, and I think that is pretty good for a dead "con." spitter. J. J. McLAUREN, 502 East Front Street, Bloomington, Ill.

N. B. You can use above for advertising purposes if you desire--all or part of it. I think Hoff's is the best remedy ever on the market for Consumption, but, like everything else, it must be used intelligently and given some assistance. It is no use to take a dose of medicine and then sit down and wait for it to take you out and set you upon your feet. Anything further I can do in the interest of the remedy and humanity I will. T. J. J. McLAUREN, 502 East Front Street, Bloomington, Ill.

Here is a man engaged in praiseworthy efforts to do all the good he may for his brother man. He is one link in the end of a chain of mercy that is being forged by the Hoff Cure all over the land.

Bendiner & Schlesinger, New York.

I enclose you herewith \$1.00 money order, for which I will thank you to send me another bottle of Prof. Hoff's Consumption Cure. I think it is the best remedy I have made it incumbent on me to cure up my neighbors, so it seems, and that's what I am doing with it. THOMAS E. GORRAN, 915 Spencer Street, Peoria, Ill.

ASTHMA AND CATARRH LEAD TO CONSUMPTION

The Genuine Prof. Hoff's Cure Is Prompt and Certain.

One positive indication that bronchial affections, asthma and catarrhal bronchitis, lead to consumption is the fact that the ONLY KNOWN CONSUMPTION CURE also cures these troubles. George Rutherford, out in New York, has cause to feel thankful that this is true.

Bendiner & Schlesinger, New York.

I enclose herewith money order, for which please send me one bottle of Prof. Hoff's Cure.

I have no testimonial to offer in this letter, further than that I think I am entirely cured of the bronchial asthma, and I think I am greatly improved in the catarrhal bronchitis, all through the use of Prof. Hoff's Consumption Cure. I propose to continue with the use of the treatment, for the next three months, or more, if necessary, and if I continue to improve as I have in the last two months I shall evermore bless the Hoff treatment. G. W. RUTHERFORD, Winnebago, Nev.

Catarrh is a very dangerous disease, as we know, and is often the cause of consumption. It makes the reception of consumption germs easy. It frequently harbors latent consumption. Hoff's Cure cures it.

I have been using Prof. Hoff's Cure for Catarrh and found it to be the best remedy that I have ever used. It has cured my catarrh considerably, and I immediately felt better after using it. B. H. KELLY, 94 Livingston Avenue, Albany, N. Y.

ASTHMA AND BRONCHIAL AFFECTIONS

Require but a Few Weeks' Treatment--Weariness and Languor Are Forerunners of Consumption

Any general practitioner can recognize that feeling of weariness and languor; sensitiveness to cold and exertion, which are the forerunners of the first stages of consumption. It is at this stage that Prof. Hoff's treatment gives immediate results. CHRONIC BRONCHITIS, ASTHMA and the various forms of CATARRH require but a few weeks' treatment.

In the second and third stages, where the foregoing symptoms are accompanied by night sweats, chills, fever, hemorrhages, loss of flesh and swelling of legs and feet, and in the case of women, especially young girls blossoming into womanhood, the interruption of womanly functions, the remedy produces the same beneficial results, and in all cases a marked and decided improvement is immediately noticed.

In a few days the fever, as well as the insomnia, disappears, and increase of weight is the most conspicuous sign of improvement. Cure upon cure of cases pronounced hopeless are daily reported, and physicians and sanitarians throughout the country have discarded creosote and adopted this treatment.

Asthma and bronchial affections--even severe coughs--are cured as effectively by the remedy as is consumption. Sometimes, when the diagnosis has not fully established the nature of the disease, the Hoff Cure has successfully diagnosed it by working a cure.

HAY FEVER

At this season of the year there are many sufferers from Hay Fever and similar zymotic affections. Besides being a panacea for all bronchial affections, the Genuine Prof. Hoff's Cure for Consumption acts as a tonic and by improving the condition of the blood wards off these annoying and often dangerous affections. The physicians now prescribe the Genuine Prof. Hoff's Cure for Hay Fever and report most gratifying success. Some doctors who for a time were sceptical, now express their regrets at not having used this wonderful medicine when it was first announced in the various medical journals throughout the country.

MEN FALL LIKE OAKS.

Women Wither Quickly as Flow--Prof. Hoff's Cure for Consumption Saves Generations.

When a woman is saved, who knows what service has been rendered to posterity? A wife, a mother, transformed from a consumptive into a healthy, sound woman, means more to future generations than to this.

Women are more prone to consumption than men. When a man falls before the disease it is like the falling of an oak. A woman sways and totters before its first attack.

Mrs. Thomas E. Glynn, one of the women whose cure is chronic today, says that the certificate of her cure is furnished by the Board of Health at her home. Mrs. Glynn's statement is as follows:

Bendiner & Schlesinger, New York.

Gentlemen--I enclose herewith money order, for which kindly mail me a bottle of Professor Hoff's Cure for Consumption. I was sent to Covington, Louisiana, to be cured of consumption. The local Board of Health examined my sputum and pronounced my ailment to be consumption (tuberculosis). The only medicine I have had recourse to was your Professor Hoff's Consumption Cure, and I AM NOW PRO-FOUNDED CURED BY THE SAME BOARD OF HEALTH, also by my attending physician, under whose direction I took the medicine. Your examination of my sputum also confirms this. I have taken nothing else, and my wonderful recovery is ONLY DUE TO PROFESSOR HOFF'S CONSUMPTION CURE. MRS. THOMAS E. GLYNN, Covington, La.

HOW A DOCTOR TREATS HIS SISTER.

Both of the letters now selected for publication relate to the very high regard in which Prof. Hoff's Cure for Consumption has come to be held by reputable physicians. This in itself is the strongest recommendation that any medicine can have.

Many hundreds of letters just as encouraging as those printed are on file at the American Bureau.

A 64-page Book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, are mailed free on application or may be obtained by calling at the well-known drug-gist Will Reed.

VICTIMS OF ASSAULT

A White and Colored Woman Near East St. Louis Fall Prey to Beast.

CAPTURE MAY LEAD TO LYNCHING

Assailant Was Negro--Both Victims in Serious Condition--Posse Summoned and Country Being Searched for Monster.

St. Louis, June 24.--Two women, one white and the other colored, were assaulted and left for dead about three and a half miles east of East St. Louis, and a posse is looking for a negro described by one of its victims. If he should be captured it is believed there will be a lynching, for the double crime has caused great excitement and indignation among the farmers of the vicinity.

One of the victims, Mrs. Annie Green, colored, aged 25, was clubbed about the head, her skull fractured and left arm broken. Just before relapsing into unconsciousness she told of the assault and described a light-

colored negro as her assailant. She was evidently the first victim of the man, who later appeared at the home of John Bruno, a farmer, living between East St. Louis and Belleville, and committed the second crime.

A brother of Miss Flora Bruno returned home and found his sister lying on her bed in an unconscious condition. Her skull was fractured, both arms were broken and she was suffering from other injuries. The young woman had been at home alone during the afternoon. She was her father's housekeeper.

Young Bruno spread the alarm and then the other assault became known. A posse was rapidly summoned and the country is being searched for the guilty man.

The posse of farmers, reinforced by the chief of police of East St. Louis and members of his force and the

Ex-Convict Terrorizes Two Counties.

Lokansport, Ind., June 24--Panhandle detectives, sheriffs of two counties, policemen from three cities and several farmers are in pursuit of Willard Herrell, an ex-convict, who has terrorized Case and Miami counties. Herrell, full armed, has sworn he will not be taken alive. He amused himself Monday by shooting at traveling men in the Lake Erie depot at Bunker Hill. Then he visited a saloon and shot out the mirrors. On the way home he shot at everybody in sight, breaking the windows of a passenger train, several passengers narrowly escaping death. He met John Shively and told him to prepare to die. Shively leaped a barbed-wire fence and fled. Herrell sending after him a shower of bullets. Shively had testified against Herrell when he was tried for the murder of William Condon, a penitentiary sentence following conviction.

NOMINATIONS OF THE DEMOCRATS

LEONARD NAMED FOR SHERIFF FOR ANOTHER TERM.

Taylor is Named for Prosecuting Attorney and Wallace for Treasurer.

Lisbon, June 24.—(Special.)—The Democratic county convention met in the probate court room here today to nominate candidates for county offices and the legislature and to select delegates to the state convention.

County Chairman W. J. Foley, of East Palestine, called the convention to order at 11:15 and briefly thanked the members of the county committee and the party generally for their hearty cooperation with him in his official capacity during the past year.

After the reading of the official call by the secretary, M. C. Moore, of East Palestine, George B. Aten, of Wellsville, was called upon to serve as temporary chairman and W. T. Outshull, of New Waterford, was made temporary secretary. The temporary organization was afterwards made permanent. The following committees were appointed:

Credentials—B. Renkenberger, Columbiana; George S. Walton, Salem; M. E. Miskall, East Liverpool.

Permanent organization—J. J. Weisend, East Liverpool; T. F. Arnold, Leetonia; J. N. Mahaffey, St. Clair township.

Coroner—John Dowar, Elk Run township.

The suggestion of Leonard's name for sheriff elicited enthusiastic applause. Mayor Carlile, of Salem, was instructed to forward the following telegram to A. W. Taylor, who is ill at Bowling Green, O.

"A largely attended convention of your fellow Democrats have unanimously nominated you as their candidate for prosecuting attorney. They believe your election is assured, and in conclusion the delegates wish you God speed and a restoration to health."

The following delegates and alternates to the state convention were named:

Delegates: M. E. Miskall, East Liverpool; W. S. Potts, Lisbon; A. W. Schiller, Salem; T. S. Arnold, Leetonia; W. J. Foley, East Palestine; A. P. Dennis, Wellsville.

Alternates: J. J. Weisend, East Liverpool; C. P. Leonard, Wellsville; Al Carlile, Salem; T. J. Duffy, East Liverpool; S. W. Tidd, Columbiana; B. C. Black, Salineville.

BUSINESS MEETING OF EPWORTH LEAGUE

Reports Read at This Mornings Session Indicated Great Progress.

Salineville, June 24.—(Special.)—The Epworth League convention opened this morning at 8 with devotional exercises led by Finley Chapter, of Steubenville. Routine business was then taken up, and minutes read. The calling of the roll of delegates followed. By motion and vote E. B. Cope was ordered to receive all moneys in the absence of the treasurer, E. O. Lucas, of Bloomingdale. The report of officers of the different chapters took up much time at the morning session. The reports showed excellent work done by the Epworth League in the entire district. The reports were full of interest and showed an increase in membership in the League. A few chapters were not represented, but all reported encouraging work.

The following were appointed as committees:

Nomination—Dr. C. E. Manchester, Steubenville; L. L. Fisher, Steubenville; Arthur Savage, East Liverpool.

Resolutions—Elwood Scott, New Alexandria; Rev. G. W. Orcutt, East Liverpool; Dr. M. B. Pratt, East Liverpool.

The Junior Epworth League reports were called for and Toronto, Mingo and Erie street, East Liverpool, responded. The East Liverpool choir, composed of Miss Miller, Mrs. Fowler, Mrs. Haines and Miss James, sang "When Love Comes In" in a beautiful manner, to the delight of the audience. They were encored and responded with another selection.

A resolution was introduced declaring that as the league had recently been reorganized by the Board of Control, changing the names and plans of work of the department, it was the sense of this convention that chapters throughout the Steubenville district should, at the earliest possible date, be organized in harmony with the new plan. This was voted down, 30 to 60. The convention then adjourned until after dinner.

Attending a Wedding.

A party consisting of Mr. and Mrs. Charles T. Larkins and son, William Larkins, Frank Fowler, Mrs. Emma Weeks, Mrs. John T. Fowler and George F. Fowler are spending the day at Beaver Falls, where they are attending the marriage of Miss Fern Young, a cousin of Mr. and Mrs. Charles Larkins, and Mr. Fred Spousor, both of Beaver Falls. Miss Young is well known in this city, having been the guest of relatives here at various times. The bride and groom are both prominent in Beaver Falls society.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, or summer complaint, if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

GREAT MULTITUDE HEARD COOPER

At His Show Grounds Here Last Night.

FREE SHOW AND CONCERT

Was Greatly Enjoyed By the Assembly—Dr. Cooper's New Discovery.

Fully five thousand people enthusiastically greeted Colonel Cooper and his large company of comedians, vaudeville performers and musicians last night on Brunt's Hill, just off Calcutta road. The show was one of the finest ever witnessed here and the promenade concert was greatly enjoyed. It was the largest audience ever gathered in the open air in East Liverpool, and not a single one in all that vast concourse of people regretted having taken the time and trouble to attend.

After the show and concert Colonel Cooper appeared on the pavilion platform and addressed the audience in an entertaining manner. He stated that he was here for one month to advertise Dr. Cooper's New Discovery, the greatest blood purifier in the world today. He told of the countless thousands it had saved from untimely graves and of the boon it had been to suffering humanity in all the earth around. Indigestion, nervousness, sleeplessness, bad taste in the mouth, dizziness, spots before the eyes, and a hundred other annoying ills disappear under the magical alchemy of the New Discovery—and money back if these things are not true. Cooper explained that he had but a limited quantity to dispose of here and those wishing the remedy should raise their hands. At least two hundred hands went up and Cooper courteously waited on them as long as his supply lasted.

There was a cake eating contest and a bright faced chap won a new five dollar bill for his agility and rapidity in downing a large number of cakes.

There will be another show and concert tonight and an amusing contest. Sales parlors will be open near the show grounds, where polite attendants will serve all comers. Consultation is absolutely free in every case. Cooper is here to stay one month with a free show and concert every night except Sunday. Attend and get acquainted with him.

BURGLARS PAID A VISIT TO THE LEADER STORE

Went All Through It in Search of Cash, But
Succeeded in Finding Only
50 Cents.

AN ORGANIZED GANG EVIDENTLY AT WORK

The Leader store of Samler Bros. was entered by burglars last night, and though every till in the establishment was gone through, nothing of value was taken so far as Manager Fuller and his force have been able to learn.

The thieves climbed over the fence at the rear of the store, as was shown by the muddy footprints on the fence and in the passage way at the back door. From the appearance of the door a small chisel was used, and a lower panel of the door was cut away. The job was not a neat one by any means, but answered the purpose. The panel is about eight inches wide and perhaps 14 inches long, and would permit the passage of a boy's body. It is the opinion of the proprietors that the work was that of boys, as there was every indication that the job was performed by amateurs.

The rounds were made along the counters and every cash drawer in the establishment was looked over. About

50 cents in small change was collected. They next visited the desk which stands near the huge iron safe at the back door. The drawers were rifled and papers and other articles which had been stored away for safe keeping turned topsy turvy. The search was fruitless, however, and the 50 cents was the extent of the find. Not an article upon the counters or shelves was disturbed, and even the jewelry was untouched. Daniel Samler, one of the proprietors of the store, was in the establishment at 11 o'clock, but noticed nothing out of the ordinary. It is thought the robbers visited the place after that time.

The authorities were notified, and have the case well in hand. It is believed by them that the robbers are the same who have made several unsuccessful attempts to rob stores and private residences in the city within the past few weeks. Officer Dawson is certain the band is made up of boys, and believes he can place his hands on at least two of them.

COUNCIL DEALS A BLOW AT GREEDY GAS TRUST

Passes a Stringent Ordinance Fixing the Price of
Fuel Gas at Present Rate for the
Next Ten Years.

The outrageous demands made by the Ohio Valley Gas company were laid low last evening by the city council when that body, in regular session, passed an ordinance regulating the price which any and all gas companies may charge for gas for and during the ensuing 10 years.

Public sentiment having been aroused to an excited pitch, the members of council determined that something should be done to defeat the carrying out of the threats made by the Ohio Valley and Tri-State Gas companies and personally visited Solicitor Davidson for an understanding of his views on the demands. He investigated the law pertaining to such action very thoroughly and advised that an ordinance be passed fixing the rate. The members requested him to draft the most important paper, and upon its presentation to the councilmanic body

the members seemed unable to vote for it fast enough. They jumped at the chance with more eagerness than has been displayed in the council chamber in many months.

The ordinance was introduced by Mr. Cannon and on motion of Mr. Bullock the rules were suspended and it was placed on its third reading and final passage. The stipulations which will be in force for ten years will meet the approval of the citizens in general. They provide a rate to conform with that now in vogue and not alone the restrictions made on the present gas companies, but on any and all gas companies that may locate in the city or sell the product within the corporate limits.

The unreasonable charge proposed by the company, \$1 whether or not gas was used, was killed. The consumer will have to pay only for what he

uses. The rate to private consumers will be as in the past, 25 cents per thousand feet and a discount of five cents will be allowed those paying their bills within ten days after the date of maturity. The ordinance also stipulates that no charge shall be made for the rental or placing of meters to exceed that which is now imposed.

In an interview with Manager Grogg, of the Ohio Valley company, this morning he inferred that the company proposed to go right ahead with its original plans. The claim is made by the corporation that no council or other legislative body has the right to fix the price to be charged by it for the service furnished. The price of materials and equipment has increased, and the general expenses have become so great that the company believes it

PLANS LAID BY TWO MEN TO LOOT SEVERAL HOUSES

Their Scheme Was Frustrated by a Young Lady
Who Was Closely Watching
Their Movements.

SHE SAW THEM HOLD UP AND ROB A MAN

Two daring thugs created terror on West Fourth street last night shortly before 11 o'clock. After laying plans to loot a number of houses in the vicinity, they held up an unknown man and then chased and terribly frightened a young lady, Miss Agnes Gillespie, who lives near the extension of the street. The latter has a good description of the men, and it is possible that they will be run down by the police.

The actions of the men were witnessed by Miss Gillespie from the time they arrived in the vicinity until they departed. She had been out spending the evening and upon arriving at her home was unable to enter, another member of the family also being out and having mislaid the door key. While sitting on the front porch awaiting the arrival of this person, Miss Gillespie saw the two men turn the corner at Monroe street and watched their every maneuver. One of them had a pair of rubber boots in his hands, which, it is thought, they intended to use after en-

tering a residence, and when the opportunity presented he hid them near the porch of a neighboring house. They then separated and both commenced an investigation of the lay of the land. They walked upon nearly every porch in the vicinity and peered through every front window and all of the alley and side entrances.

Completing their preparations for a bold robbery they met again at the corner. They saw a man approaching at a short distance above Monroe street and both went to the opposite corner and slowly walked down the street in front of him until they reached a dark and rather secluded spot.

Meantime, Miss Gillespie, thinking they were about to hold the man up, walked toward the corner, and she states that they first asked the man for a match and then wanted to know the time. He replied that he had no watch and no money. They compelled him to prove the latter by turning his

DRINK CRAZED LAD FOUGHT THE CHIEF

Youngster From Pittsburg Resisted Arrest and Acted Like
a Wild Man.

SORRY IN THE MORNING

The session of police court was not lengthy this morning, and but one offender faced Mayor Weaver. He was John Wendell, a 16-year-old Pittsburg lad, who came to town yesterday with the excursionists.

The boy was one of about a dozen who became involved in a free-for-all fight at the corner of Third street and Broadway late yesterday afternoon. The locality is the roughest in the city, and the men were permitted to fight for some time without interruption. The attention of Chief Wyman was attracted and he was soon in the thickest of the fray. It developed that he was unable to cope with the entire crowd, and he had collared two of the roughs, when young Wendell made his way through the crowd and struck the chief. The latter called for assistance, and passed one of his prisoners to a newspaper reporter who was standing near, in order that he might take the Pittsburg boy in tow. The newspaper man could write but was no scrapper, and when the prisoner showed fight he failed to stand his ground. He was so badly frightened that he saw revolver hilts and razors protruding from every pocket in the man's clothes, and, of course, gave up the battle before it began.

Meanwhile Chief Wyman had his hands full and finally turned his undivided attention to Wendell, who was fighting like a demon. He was finally subdued and taken to the city jail, where he remained over night, raving like a madman. He came to his senses some time during the night, and was conscious of that thirst which sometimes follows a "bat." He was made comfortable by Officers McDermott and Salsberry, and when arraigned this morning was as meek as a lamb. Mayor Weaver asked the lad if he was aware that he had been a bad boy yesterday, and was told that he had but one finger of whisky out of a half pint bottle. He said he certainly must have been doped, as he knew absolutely nothing of what transpired in the afternoon. He was not a school pupil, though he did come to town with the school picnic, and he was very anxious to get back home.

BELETED APPEARANCE MADE BY WELLS

East Liverpool Saloon Man Arraigned,
Fined And Jailed—Minor Matters in Court.

Lisbon, June 24.—(Special.)—George Wells, an East Liverpool saloon man indicted by the April grand jury for selling to habitual drinkers, made a beleted appearance last evening and is now in jail. He disappeared after his indictment and was arrested in East Liverpool only a few days ago. Before Judge Hole last evening he pleaded guilty and was fined \$15 and costs. Not being able to pay he was sent to jail.

James Chink, of Lisbon, has been held to court under \$200 bond to keep the peace. William J. Clark brought action against him in Justice Dickinson's court.

David Longanecker, of Leetonia, has been held to court on a similar complaint, his stepmother, Katherine F. Longanecker, being the complainant. The action was before Justice Lodge Riddle.

A motion to the answer has been overruled in the case of Willard A. Heston against Abraham Heston and leave given to reply by June 26.

In the case of Sarah A. Metzger vs. J. O. Greiner et al the defendants have leave to amend their answer.

In the case of Sarah A. Metzger vs. Ira A. Brainard et al leave is given the defendants to file supplemental answer instant.

YOUNG WOMAN FELL IN A FAINTING FIT

Broke a Show Case By Striking It
and Narrowly Missed Serious Injury.

Miss Mame Wettington, of Thompson hill, was seized with a fainting fit in the Diamond at 1:30 this afternoon, and came near being killed. The lady was standing near the entrance of R. W. Sample's shoe store and only a few feet from a cellar way. When she fell her left shoulder and head struck the door of an outside shoe case, composed entirely of glass. The large glass door was broken and the shoes inside the case damaged to some extent.

Miss Wettington was picked up unconscious, and carried into the store, where she was revived. In falling the lady narrowly escaped falling into the basement near at hand. She was able to walk to her home in about two hours after the accident. The illness was attributed to heart disease.

WORK BEGUN ON NEW LINE

Lisbon Rejoiced at the Start of
Work on Youngstown and
River Railway.

WILL BE PUSHED RAPIDLY

Lisbon, June 24.—(Special.)—The uncertainty that has invested much of the railroad building that has been in progress on paper in this vicinity for some time, was dispelled to a degree this morning when a force of men commenced work here on the Youngstown & Ohio River Electric Light and Power company's electric line.

A dozen men and a half dozen teams commenced work early this morning to excavate for the road bed in front of the Hasbrouck hotel on Market street. The men are at work under the direction of C. S. Bidwell, of Piqua, O., a construction foreman in the employ of the Cleveland Construction company, which has the contract and of which William Cristy, of Akron, is the president. Mr. Bidwell arrived in Lisbon yesterday afternoon. A consignment of material, including ties and girder rails, is already here and the grading force that is making the road bed will be followed closely by another gang of workmen who will lay the track at once within the city limits at least.

From the starting point on Market street just south of Washington street the line will proceed south a block to Water street and thence west on Water street to the tow path of the old Sandy and Beaver canal. Following the canal to the old McKinley home-

MANY ORDINANCES PASSED BY COUNCIL

Police and Fire Departments Created, the Number, Salaries and Bonds Being Fixed.

THE TAX LEVY ACCEPTED

Learning through the News Review that their appointment of the city's tax levy as decided upon by them in special session on Monday evening was disapproved by the board of public service and that it would not be certified by the tax commission, the finance committee of council got busy last evening just prior to the meeting of council and altered the figures. It was the hope of the members that by the change everyone affected by the levy would be satisfied and they were practically assured that the board of public service would not file exceptions to their action. However, the tax commission, from inferences gained today, will not yet approve the apportionment. It is thought that the latter body is not favorable to the levy proposed for the public library.

The committee called upon Solicitor Davidson for advice and was informed that it would be impossible to fix the park levy outside the 10 mills provided for the general expenses of the city. It was therefore compulsory that it cut down the fund of at least two departments. After a lengthy conversation with the board of public service they decided to fix the park fund at 2 mills by decreasing the fund of the safety board .1 and the fund of the board of public service .2. The final rates were decided upon as follows: For park purposes, .2; for general purposes, 2.1; for public health, .3; for public safety, 2.7; for public service, 4.7; total, 10.1; for library purposes, .5; for sinking fund and interest, .4; total, 14.5. The above will be submitted to the tax commission, which will take action on it at a meeting tomorrow evening.

The ordinance fixing the number of salaries and bonds of the police department was referred to an ordinance committee which the president was empowered to select, and which he will have chosen by the time of the next meeting. According to the ordinance there will be 8 patrolmen and one chief of police, the former to receive \$2.50 per day and the latter \$100 per month, and all to be under bond of \$500.

An ordinance establishing the classified list of the fire department was also introduced and referred to the ordinance committee. It provides for a chief, at a salary of \$100; assistant chief, \$81; two captains, \$76, and 8

J. C. WALSH CREATED A BIG SCENE

East Liverpool Democratic Political Leader Was
Ejected From the County
Convention.

Lisbon, June 24.—(Special.)—The Democratic county convention culminated in a sensational scene this afternoon, when J. C. Walsh, of East Liverpool, a defeated aspirant for the nomination for representative, insisted on criticising the action of the convention. P. S. Barnard, of Leetonia, rose to a point of order and insisted Walsh retire, but Walsh kept on talking. At length A. P. Dennis, of Wells, Joseph Gottschalk, of Salem, and others, laid hold of Walsh and put him out.

Walsh continued to struggle in the corridor, claiming he was being denied his rights. Sheriff Leonard was at length called upon to restore order and several of Walsh's friends got him to leave the court house.

The nominees for representative were E. P. Speidel, of Hanoverton, and O. J. Astory, of Salem. Walsh, who was a candidate, was defeated.

PLACES CHANGED A SECOND TIME

The Voting of Yesterday Was
Productive of Interesting
Results.

LIVELY WEEKS ARE AHEAD

The voting of yesterday put Anderson in second place again and considerably reduced the distance between the leading candidate and the second one. There is a big batch of votes to be counted today and the result of the count may be further interesting changes. In about five weeks the contest will come to a close. The next few weeks will doubtless be busy ones for the voters and their friends. Everybody should save his coupons and "get in the game," which is certainly full of interest for all participants.

WITH THE WORKMEN IN THE CLAY PLANTS

TRENTON SENSATIONS.

Trenton, N. J., June 24.—(Special.)—There is a dispute at the Glasgow pottery, which is controlled by the John Moses & Sons' company, which, if it is not settled soon, may result in tying up the operations of the plant. All the kilnmen are out and the clay hands are expected to leave their benches before the end of the week. The trouble started over the refusal of the firm to employ a journeyman dipper. The dipper employed was an apprentice and according to the rules of the Brotherhood each pottery is required to have at least one journeyman before an apprentice can be set to work.

Last week the dippers' local demanded that the firm recognize the rule governing apprentices and either discharge the apprentice or employ a journeyman. The firm refused to recognize the dippers' claim and a notice was given that a strike would be ordered. The dippers got the support of the kilnmen, who also served notice that unless the company sanctioned the demands of the dippers they would refuse to place any of the ware handled by the objectionable dipper. The men did not get a chance to quit. Last Thursday they were locked out and Saturday paid off. The firm in a statement to the press denies the claim advanced by the dippers and makes known its intention to fight the issue. The fight is still a local affair and it may be that the Brotherhood may be called in to take a hand before the end of the week.

Moses, Swann & McLewee, manufacturers of lamps and cut glass, created quite a surprise last week by filing a petition in bankruptcy and asking for the appointment of a receiver. The company's liabilities amount to \$105,776.71 and the assets, \$71,223.59. In its affidavit Walter Moses states that upon the incorporation of the company in 1899 he secured 10,000 shares of the capital stock, which he now holds. He avers that he has since advanced to the concern \$11,439 and states that he has also become liable upon the company's paper for \$33,849. Mr. Moses states that the company is indebted to others as well as himself to the extent of \$20,479.46, and that he has outstanding accommodation notes amounting to \$33,849. Notes amount-

ing to \$16,665.33 have been given by the company for merchandise in the prosecution of its business and of these amounts there have been protested notes amounting to \$5,533.76. It is alleged that there is due to various creditors on open accounts, \$5,223.93, and that the plant is mortgaged for \$16,500. The company's resources consist chiefly of accounts receivable amounting to \$9,884.91; bills receivable, \$1,826; stock on hand, \$14,651.93; machinery, \$11,823.75. It is claimed that the concern is insolvent and has been forced to suspend business for want of funds, and that suits have been instituted and that it has been unable to meet its obligations for some time.

NEW POTTERY ALMOST DONE.

The new pottery just now being completed by the Cameron (W. Va.) Pottery company, is expected to be in full operation within a few weeks, and will then employ 300 people. Already a large number of mould makers are at work getting ready for the start. It will start with six kilns, but expects to increase this capacity as the business becomes established. The same company has decided to erect another plant on the east side of the town within a year.

OF INTEREST TO THE TRADE.

Samuel Bateman, dealing in furniture and crockery, Chicago, has sold out.

Cordis & Delehey, Hoboken, N. J., have been succeeded by Charles J. Delehey.

F. E. Campbell succeeds to the business of Campbell & Besancency, dealers in crockery at Pliska.

The department store of the H. J. Goelzer company, Plymouth, Wis., was recently destroyed by fire.

Harry Allendorf, Waterloo, Ia., is trying to compromise with his creditors at 25 cents on the dollar.

It is reported that S. Behrend, conducting a department store at Bowling Green, O., will discontinue business.

N. M. Manamy, Kansas City, Mo., an old crockery merchant, died recently and the estate is being closed up as speedily as possible.

P. J. Handel, decorator of china, etc., at Meriden, Conn., has incorporated under the name of the Handel corporation and will continue the business under that name.

DAUGHTERS OF LIBERTY

State Council in Session at Canton. East Liverpool Man an Officer.

Canton, June 24.—The state council of the Daughters of Liberty is in session here with an attendance of about 60 delegates. Officers were elected yesterday as follows:

State councilor, Mrs. Maggie Mitchell, Mt. Vernon, re-elected; state associate councilor, John W. Sellers, East Liverpool; state vice councilor, Miss Emma Vibelhart, Canton; state associate vice councilor, Mrs. French Dayton; state associate secretary, Harry Miner, Cincinnati; state associate treasurer, Mrs. Ida Edwards, Cleveland; state guide, Mrs. Emma Dillon, Massillon; state inside guard, Mrs. Mattie Sheridan, McConellsville; state outside guard, Mrs. Laura Dickson, Mansfield.

Carnegie Company Qualifies in Ohio. Columbus, O., June 24.—The Carnegie Steel company, of Pittsburgh, qualified to do business in Ohio by filing the necessary papers with the secretary of state and paying the required fee. The Ohio office will be in Youngstown and Thomas McDonald, of the Ohio steel works, will be the company's representative in this state. The fee paid was \$5,500.

Alberta Has Disastrous Fire. Winnipeg, Man., June 23.—A disastrous fire in Wetaskawin, Alberta, did damage amounting to \$200,000. The fire started in a hall used for a theater over the general store of Horie & Co., and destroyed a dozen stores and other buildings before it was extinguished, a heavy rain materially aiding the efforts of the townspeople.

VICTORY WON

BY THE WABASH

RIGHTS OF WAY GAINED AFTER MUCH CONTENTION.

Decision in a Steubenville Court Allows It to Occupy Pennsylvania Property.

Steubenville, June 24.—The Wabash has won a signal victory over the Pennsylvania in its desire for extension up the river. With one exception, it has been given the right to travel along the river front from the LaBelle Iron works, at the lower end of the city, to Island Creek township. Of course it already had the right to build its line above that point, so that now the way is almost clear.

The most signal victory for the Wabash was the fact that it is the Pennsylvania company's property on which it has been given privilege to build, for it was its strenuous rival's ground that sought and succeeded in appropriating. Then too, it is the first time in Ohio that one railroad has appropriated another railroad's property to its own use. For this reason Judge Frank H. Kerr, of the probate court, had no precedent to follow in such cases in Ohio, but there were instances of the kind in several other states, of such proceedings.

For several months the case has been in the probate court and for many days the lawyers for the two great corporations fought the case across the table, with such prominent men as the president of the Wheeling

PEOPLE WHO CAN'T SLEEP

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on unhealed for is almost criminal, when the well-known, time-tested and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mrs. M. C. Murchland, of Commerce street, Wellsboro, O., says: "Dr. A. W. Chase's Nerve Pills in my case proved themselves an excellent nerve and general tonic. I was run down, nervous and not sleeping well. The medicine, however, gave me bodily strength, nerve steadiness and restful sleep, consequently I feel I can't recommend it too highly to others who suffer in a like manner."

& Lake Erie and superintendent of the Pennsylvania lines, together with many officials present to offer their testimony. The Pennsylvania company was on the defensive as the starting point at the lower end of the city was at the LaBelle, where the new road would connect with the Wheeling & Lake Erie and continue along the river instead of turning westward to come into the heart of the city. To get this start would be injurious to the Pennsylvania company's efforts to keep the Wabash from going up the river so it fought the harder as the trial progressed. But the Wabash got all it asked with one exception, and it will build its line on the C. & P. property along the river front in Steubenville and at Alikanna and points above.

The exception is the Turnbull property from Logan street to Hartie's paper mill, against which the Wabash filed condemnation proceedings, but which was sold to the Pennsylvania company later at the enormous figure of \$1,000. Before the Wabash wanted to extend up the river, the property couldn't be given away.

CANCEROUS ULCERS

ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise

becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge.

The city council has taken a hand in the regulation of gas rates. That body does not propose to leave the gas monopoly free to establish iniquitous prices and has acted with commendable promptness. To both laymen and lawyers it appears that council has acted quite within its rights and strictly in accordance with the laws of the state. It is quite probable that a legal test will be made of the ordinance passed, for a powerful corporation like the Manufacturers' Gas company, having started a plan to take thousands of dollars from the pockets of the people to put it in its own coffers, does not ordinarily submit to dictation. But the city has right and justice upon its side and the upper hand in the fight. Backed by the law and unanimous public sentiment council has taken a

prompt, firm stand and will not recede from its position unless forced to do so. The octopus will writhe and wriggle under the blow, but unless there are loopholes in a law that is very plain and explicit in its terms, its struggles will be in vain.

In the record-breaking immigration of the current year the newcomers from Austria, Russia and Italy have been in such great excess over all others that they have almost monopolized attention. It is nevertheless true that immigration from other lands is increasing at an even higher ratio than from these. The dispatch from Copenhagen stating that twice as many Danes started for the United States in May this year as in May a year ago is only one indication of this fact.

Since Memorial day, May 30, twelve boys have died in Pittsburg of lockjaw, resulting from the use of toy pistols that day. The Fourth of July is approaching and parents who do not wish to run the risk of lockjaw with their boys will do well to interdict the use of pistols, especially those which use cartridges containing the fulminate of mercury, which is believed to have caused that disease in the cases at Pittsburg.

"In time of peace prepare for war." Uncle Sam evidently has that maxim in mind. All of our gun factories are working full time, and the Watervliet arsenal is making 50 modern three-inch field guns. Besides these the government has contracted with German makers for a considerable number of the latter. The army is to be equipped at once with that new field artillery.

At last one of the proposed cross-county electric railroads has reached the construction stage. Nobody is protesting and Lisbon is rejoicing. East Liverpool's turn will come in time.

EPWORTH LEAGUE

Program for the Convention to Be Held at Salineville Today.

The program for the Epworth League convention of the First M. E. church, which will be held at Salineville today, promises to be very interesting to a number of those who intend to be present. The program follows:

Forenoon—Address, 10 a. m., "The Epworth League—A Training School," Dr. M. B. Pratt.

Afternoon—General topic, "The Field in Steubenville District;" "Organization," Rev. C. E. Manchester; "Evangelistic Work," Rev. J. O. Davidson; "Correspondence," Phoebe Hart; "The Use of Printer's Ink," Rev. G. W. Orent; solo, Miss Maggie Yingst; "Primary Work," Mrs. J. B. Elliott; Evening address, Rev. J. C. Floyd, D. D., of Michigan.

At the conclusion of the day's program a special train will convey the guests back to the city.

The convention opened last evening with a praise service conducted by Rev. Dr. S. P. Lloyd. The address of welcome was delivered by Miss Gertrude McGillivray, of Salineville, in behalf of the Salineville league. The response was by J. L. Fisher, of Steubenville, in behalf of the visitors. He spoke encouragingly of the work that the society is doing. Rev. Charles Bayard Mitchell, D. D., of the First Methodist church, Cleveland, spoke eloquently of the great assistance which the league is to the church.

Fully 100 church workers and Epworth Leaguers of the First M. E. and First M. P. churches left this morning on the 7:53 train for the convention. The more important matters for consideration were before the convention today. The program will be especially interesting to the active and enthusiastic members of the League.

Detroit Paper Prints Story Regarding Third Assistant Postmaster General.

MADDEN WANTS INVESTIGATION

Accused of Letting Contract Without Permitting Competition—Postmaster General Asked to Probe Story and Its Source.

Detroit, June 24.—Third Assistant Postmaster General Edward C. Madden, who is visiting in this city, sent a letter to Postmaster General Payne denying that he let a contract for carbon paper for the registry division of the postoffice without permitting competition, and asking the postmaster general to immediately investigate the story and its source. The letter is as follows:

"The Free Press, of this city, tells its readers in an article with scare headlines that Third Assistant Postmaster General Madden is to be investigated. It alleges that I drew specifications of contract for supplying the department with carbon paper and that they were so framed as to allow no competition. The article makes Mr. Wynne say that he merely approved as a routine matter. It gives the impression that the contract is one over which the third assistant has control, and there is a broad inference that you consider the transaction corrupt.

"The whole statement in so far as it attempts to involve me is absolutely false. I had nothing to do with the details of the contract; I drew no specifications; I did not initial; I did not sign; in fact, I never saw the contract, if there is one. My sole interest and connection with the subject is limited to an expression of approval of the particular carbon paper in question, by its labor-saving and in other ways a great improvement over the old style manufacturing process, and much better serves the needs of the postal service; and this approval was not given until after an investigation and recommendation to me by my superintendent of registry system and a recommendation by the superintendent of division of postoffice supplies of the first assistant's office.

"The contract—if there be one—was both drawn and let by the office of first assistant postmaster general, and with it I had absolutely nothing to do except as before stated. If the statements printed were given the Free Press correspondent from the office of the first or the fourth assistant postmaster general they misrepresent the facts, and the publication thereof, especially in my home city, is calculated to put me in a bad light before the people with whom I have lived for upward of 40 years and where I have earned what reputation I have. It is malicious, cruel and without the slightest justification.

"I know you too well to believe that you will sanction this attempt to involve and besmirch me unjustly, and I beg you, not only as man to man, but as a consideration due my office, to at once institute an investigation and do what you can to ascertain whether they are purely an invention of the writer. I ask that the publication of the facts be not tardy."

A BOY EXCURSIONIST UTTERLY DISAPPEARED

William Hughes, of Pittsburg, Not Seen After He Boarded the Picnic Train.

William Hughes, who came here with the O'Hara school picnic from Pittsburg yesterday, is lost. After he boarded the train at the latter city yesterday morning he was not seen by any of his friends, and has disappeared as completely as though the earth had swallowed him.

James Hughes, a step-brother of the boy, called at the mayor's office this morning to inquire if anyone answering his description had been arrested, but upon being permitted to go to the jail and look over the prisoners, stated he was not there. The brother had remained over night in order to renew the search, and learning in some manner that a number of the excursionists had been arrested, thought he might be among them.

The missing boy is 17 years of age, and had not been accustomed to traveling by himself. His friends are greatly worried at his absence and fear he may have met with foul play or an accident. He had considerable money with him.

Paducah, Ky., June 24.—A disastrous wreck occurred on the Illinois Central railroad one mile south of Dawson Springs between a southbound freight and a northbound freight. Engineer Underwood and Fireman Jennings, of Paducah, and a negro from Louisville are reported fatally injured.

PLANS LAID BY TWO MEN TO LOOT SEVERAL HOUSES

Continued from First Page.

pockets inside out. He was then ordered to move and keep his mouth shut. Only too glad to get out of their clutches, he acted immediately upon their advice. The daring couple then started back across the street and seeing Miss Gillespie ran after her for a short distance. She succeeded in reaching home and the thugs stopped before getting very close to her. In terror the young lady stood at her porch, thinking the men were making ready to approach her again. They, however, turned on their heels, knowing that their plans had been spoiled for further attempts at robbery, retreated to the porch, where they had left the boots, picked them up and left the vicinity.

Miss Gillespie describes the men as being dressed in dark clothing. One of them was rather small in stature. Both had the marks of dissipation on their faces and wore black derby hats. She could not get a good look at the man that was held up, but says he was of slender build and that he went toward the railroad tracks when he left.

A PLEASING BILL

Being Presented to Large Crowds at Rock Springs Theater This Week.

The strong vaudeville bill which Manager Strauss has selected for the attraction at Rock Springs theater this week is attracting large crowds, not only at the evening performances, but at every matinee. Hawkins & Harris are a strong team of comedians, and their turn is entirely new and original.

Miss Gladys Van, who has made such an impression with the East Liverpool music lovers, is a soloist of talent. Her voice is one of rare beauty and shows cultivation in every tone.

Mr. and Mrs. Harry Thorne head the sketch team, and their work is meritorious. Their extremely funny sketch, "An Uptown Flat," has pleased the audiences beyond measure.

Eddie Doyle, the juggler, is an old-time favorite with East Liverpool people, while Dave Nowlin, the celebrated monologist, never fails to bring down the house.

SHOT IN THE HAND

Southside Boy Injured While Handling a Loaded Shotgun.

Burgess Allison, the 15-year-old son of Margaret Allison, living on the Fairview road, was accidentally shot by the discharge of a shot gun which was carried in the bed of the wagon in which he and Oscar Hobbs were making a trip to Fairview. On arriving at Fairview the boy attempted to take the weapon from the wagon and the trigger catching on the seat discharged it, tearing away the fleshy part of his left hand.

The wound was dressed by a physician and is likely to lay the boy up for at least two months.

CONTRACTS LET

For the Drilling of Test Wells For Chester Oil & Gas Company.

A meeting of the Chester Oil & Gas company was held last night and the contract for the drilling of three wells was awarded John D. Stewart & Sons. They will commence operations the first part of next week. A committee was also appointed for the purpose of locating the wells. Twenty-five of the thirty shares of stock have been disposed of.

The members of the company are expecting good results as the drilling is to be done in territory that has never been developed.

WITH A BROKEN LEG

Injured Foreigner Walked About In Search of Medical Aid.

Carlo Vespucci, an employee of the Marquette Coal company at Congo, met with a serious accident yesterday and is thought to have received internal injuries that may prove fatal. He was cook and interpreter. He fell from the coal tippie, a considerable height, and broke his right leg above the knee. In his weakened condition he started out to obtain medical attention with the broken bone protruding. His condition is now serious.

Death of J. M. Jackson, Jr.

R. S. Brown, superintendent of the East Liverpool bridge, received a telegram this morning informing him of the sudden death through heart disease of J. M. Jackson, Jr., president of the Citizens Trust and Guaranty company, of Parkersburg, receivers of the bridge. Mr. Jackson was a son of U. S. Judge Jackson and about 50 years of age. He had a large circle of friends in Hancock county. Mr. Brown will probably attend the funeral.

Hugh Leeper, of Hookstown, was a Chester business visitor today.

W. H. Beebout, of New Cumberland, was in Chester today on business.

John Hendricks is the guest of Mrs. Elisha Haught, of Fairview avenue.

Frank Rambo has moved from Lawrenceville to a house on Pau avenue.

Frank Carson, of Fairview, has returned home after visiting Chester friends.

Henry Riley has returned from New Cumberland, where he had been on business.

Ex-Sheriff Wilkins, of New Cumberland, was in Chester today collecting delinquent taxes.

Neil Wylie and Charles Cunningham have taken positions at a new mill near Shoppingport.

Mrs. Mary E. Skinner will leave tomorrow on a visit to her former home at Coshocton.

The mason work was commenced this morning on the business block of W. F. Poole on Carolina avenue.

Justice A. G. Pugh has added another to his insurance companies, the New York underwriters of Hartford being the one.

The two remaining prisoners left over from the Carnegie picnic, who were unable to pay their fines, were released last night.

The lawn fête which was to have been given by the ladies of the M. E. church last night, was postponed on account of the weather.

Joseph Metz has commenced moving his house from the Cunningham road on which it stood five feet. The moving was done by a request of Chester council recently.

New Method of Suicide.

New York, June 24.—Archibald Morrison, a silk salesman, committed suicide in a novel way from the Brooklyn bridge. He climbed the platform railing south of the Brooklyn tower, jumped on top of a train bound for Brooklyn, fell off the last car, struck the third rail, was flung across the track, fell through the ties and landed on Front street, more than 100 feet below, a mangled corpse. A passenger on the rear platform of the last car of the train saw him jump and yelled. As Morrison jumped part of the car ran under a bar crossing the trestle work and he was hit by it. It swept him off the car, landing him on the third rail. He was probably dead before he fell to the street.

Strike Situation Alarming.

Richmond, Va., June 24.—Governor Montagu ordered the Tenth regiment, the Richmond Blues battalion and the Richmond Howitzers, an artillery company, on duty to aid in maintaining order against the street car strikers and their sympathizers. The Seventieth regiment is also to report. Five of its companies are in Richmond. The other seven will come from Danville, Farmville, Charlottesville, Staunton, Lynchburg, Alexandria and Roanoke. There has been much rioting as a result of the strike and the situation is ugly. No cars are being run.

Paper Mills Strike.

Sandy Hill, N. Y., June 24.—The strike in the International Paper company mill at Fort Edward may involve mills in Glens Falls, Maine and Vermont. One hundred laborers demanded an increase in wages. This was refused and a notice posted that the mill would close immediately unless the men returned. It is expected the employees in other mills will go out. The men employed inside the mills of the Union Bag and Paper company here demanded increased pay, and the same demand was made of the Allen Brothers company's wall paper mill.

Libel Bill Denounced.

Atlantic City, June 24.—The international league of press clubs, which is in session here, denounced the Salus-Grady libel law of Pennsylvania. Resolutions introduced by E. A. McSwigan, of Pittsburg, attacking the law, were adopted by a unanimous vote. They called upon all newspaper men to work for the repeal of the act. St. Louis and Salt Lake want the next convention.

COAL FLEET MOVING

Large Quantity of Black Diamonds Started Down the River to Market.

The first boats of the coal fleet which left Pittsburgh last night on the rise of the river passed this city at 11 o'clock this morning. The flagship of the fleet was the Ed. Roberts, followed closely by the Iron Age, Toronto and the Charles Brown.

The amount of coal shipped at this time of the river is an exceptionally large one and will be taken advantage of by coal concerns during the present high stage of water.

Chester Property Owner Insane.
Lisbon, June 24.—(Special.)—Thomas H. Gardner, the Lisbon colored man who was subjected to an insanity inquest some time ago and discharged, was again taken into probate court yesterday afternoon and was adjudged insane. Gardner is the owner of some property, of which he now seems to have a vague idea, but persistent questioning by Judge Martin elicited the information that it consists of some restaurant fixtures in Leetonia and lot 476 in Chester, W. Va., for which Gardner produced a deed, showing that he had paid \$1,000.

NOMINATIONS OF THE DEMOCRATS

LEONARD NAMED FOR SHERIFF FOR ANOTHER TERM.

Taylor is Named for Prosecuting Attorney and Wallace for Treasurer.

Lisbon, June 24.—(Special.)—The Democratic county convention met in the probate court room here today to nominate candidates for county offices and the legislature and to select delegates to the state convention.

County Chairman W. J. Foley, of East Palestine, called the convention to order at 11:15 and briefly thanked the members of the county committee and the party generally for their hearty cooperation with him in his official capacity during the past year.

After the reading of the official call by the secretary, M. C. Moore, of East Palestine, George B. Aten, of Wellsburg, was called upon to serve as temporary chairman and W. T. Cutsall, of New Waterford, was made temporary secretary. The temporary organization was afterwards made permanent. The following committees were appointed:

Credentials—B. Renkenberger, Columbiana; George S. Walton, Salem; M. E. Miskall, East Liverpool.

Permanent organization—J. J. Weisend, East Liverpool; T. F. Arnold, Leetonia; J. N. Mahaffey, St. Clair township.

Rules and order—B. F. Campf, Butler township; S. W. Tidd, Columbiana; Thomas F. Starkey, St. Clair township.

Resolutions—T. F. Arnold, Leetonia; Otto Juergena, Salem; W. H. Spence, Lisbon.

A call of the townships showed that all but six were represented, those unrepresented having a total of 13 votes as follows: Knox, 3; Madison, 1; Middleton, 3; Washington, 3; West, 2; Yellow Creek, 1. The convention then adjourned until 1 o'clock.

The following ticket was nominated: Representatives, E. P. Speidel and O. J. Astry.

Prosecutor, A. W. Taylor, Salem.

Sheriff, Charles P. Leonard, Wellsburg.

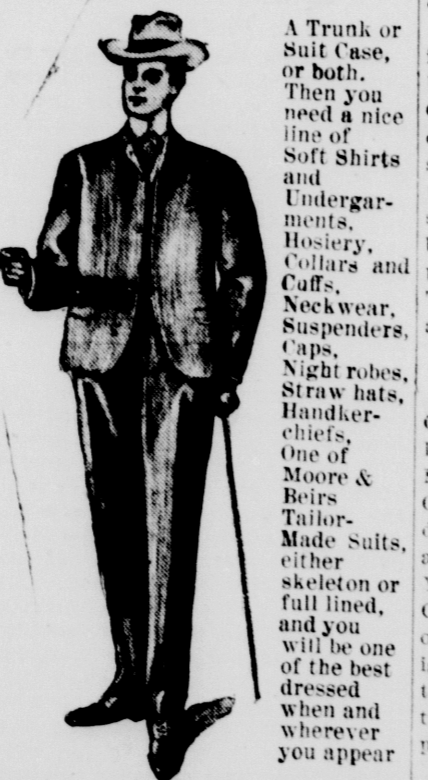

Treasurer, W. C. Wallace, Unity township.

Clair township.
Coroner—John Dowar, Elk Run township.

The suggestion of Leonard's name for sheriff elicited enthusiastic applause. Mayor Cardie, of Salem, was instructed to forward the following telegram to A. W. Taylor, who is ill at Bowling Green, O.:

"A largely attended convention of your fellow Democrats have unanimously nominated you as their candidate for prosecuting attorney. They believe your election is assured, and in conclusion the delegates wish you God speed and a restoration to health."

The following delegates and alternates to the state convention were named:

Delegates: M. E. Miskall, East Liverpool; W. S. Potts, Lisbon; A. W. Schiller, Salem; T. S. Arnold, Leetonia; W. J. Foley, East Palestine; A. P. Dennis, Wellsburg.

Alternates: J. J. Weisend, East Liverpool; C. P. Leonard, Wellsburg; Al Cardie, Salem; T. J. Duffy, East Liverpool; S. W. Tidd, Columbiana; B. C. Black, Salineville.

BUSINESS MEETING OF EPWORTH LEAGUE

Reports Read at This Mornings Session Indicated Great Progress.

Salineville, June 24.—(Special.)—The Epworth League convention opened this morning at 8 with devotional exercises led by Finley Chapter, of Steubenville. Routine business was then taken up, and minutes read. The calling of the roll of delegates followed. By motion and vote E. B. Cope was ordered to receive all moneys in the absence of the treasurer, E. O. Lucas, of Bloomingdale. The report of officers of the different chapters took up much time at the morning session. The reports showed excellent work done by the Epworth League in the entire district. The reports were full of interest and showed an increase in membership in the League. A few chapters were not represented, but all reported encouraging work.

The following were appointed as committees:

Nomination—Dr. C. E. Manchester, Steubenville; L. L. Fisher, Steubenville; Arthur Savage, East Liverpool.

Resolutions—Elwood Scott, New Alexandria; Rev. G. W. Orent, East Liverpool; Dr. M. B. Pratt, East Liverpool.

The Junior Epworth League reports were called for and Toronto, Mingo and Erie street, East Liverpool, responded. The East Liverpool choir, composed of Miss Miller, Mrs. Fowler, Mrs. Haines and Miss James, sang "When Love Comes In" in a beautiful manner, to the delight of the audience. They were encored and responded with another selection.

A resolution was introduced declaring that as the league had recently been reorganized by the Board of Control, changing the names and plans of work of the department, it was the sense of this convention that chapters throughout the Steubenville district should, at the earliest possible date, be organized in harmony with the new plan. This was voted down, 30 to 60. The convention then adjourned until after dinner.

Attending a Wedding.

A party consisting of Mr. and Mrs. Charles T. Larkins and son, William Larkins, Frank Fowler, Mrs. Emma Weeks, Mrs. John T. Fowler and George F. Fowler are spending the day at Beaver Falls, where they are attending the marriage of Miss Fern Young, a cousin of Mr. and Mrs. Charles Larkins, and Mr. Fred Spousor, both of Beaver Falls. Miss Young is well known in this city, having been the guest of relatives here at various times. The bride and groom are both prominent in Beaver Falls society.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, or summer complaint, if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

GREAT MULTITUDE HEARD COOPER

At His Show Grounds Here Last Night.

FREE SHOW AND CONCERT

Was Greatly Enjoyed By the Assembly—Dr. Cooper's New Discovery.

Fully five thousand people enthusiastically greeted Colonel Cooper and his large company of comedians, vaudeville performers and musicians last night on Brant's Hill, just off Calcutta road. The show was one of the finest ever witnessed here and the pronounced concert was greatly enjoyed. It was the largest audience ever gathered in the open air in East Liverpool, and not a single one in all that vast concourse of people regretted having taken the time and trouble to attend.

After the show and concert Colonel Cooper appeared on the pavilion platform and addressed the audience in an entertaining manner. He stated that he was here for one month to advertise Dr. Cooper's New Discovery, the greatest blood purifier in the world today. He told of the countless thousands it had saved from untimely graves and of the boon it had been to suffering humanity in all the earth around. Indigestion, nervousness, sleeplessness, bad taste in the mouth, dizziness, spots before the eyes, and a hundred other annoying ills disappear under the magical alchemy of the New Discovery—and money back if these things are not true. Cooper explained that he had but a limited quantity to dispose of here and those wishing the remedy should raise their hands. At least two hundred hands went up and Cooper courteously waited on them as long as his supply lasted.

There was a cake eating contest and a bright faced chap won a new five dollar bill for his agility and rapidity in downing a large number of cakes.

There will be another show and concert tonight and an amusing contest. Sales parlors will be open near the show grounds, where polite attendants will serve all comers. Consultation is absolutely free in every case. Cooper is here to stay one month with a free show and concert every night except Sunday. Attend and get acquainted with him.

is justified in proposing the advance at this time.

It is the intention of the corporation to make out statements at the time stated in its notice to consumers, and at the rate contained therein. The patrons will, of course, protest, which will be a sign for the gas company to cut off the supply. The consumers will carry the matter to the courts, where they will be met by the company, and the decision of the highest tribunal will be sought.
